

THE CUBAN INSURGENTS ARE BEING HELD IN CHECK MORE MARINES GOING TO CUBA

HAVANA, May 28.—The Cuban government is still without advice as to any collision between the troops and the negro rebels in the province of Oriente.

It is thought here that it is probable that the troops are confining themselves for the present to affording protection to the plantations and holding the main body of insurgents

in check. They intend to await the arrival of the strong reinforcements consisting of over 2000 men who were despatched from this city yesterday by sea and land. There will be under the chief command of General Jose J. Montenegro. On their arrival a decisive forward movement will be undertaken.

According to official reports absolute tranquillity reigns in all parts of the

Island except the province of Oriente.

ORDERED TO CUBA

WAKEFIELD, May 28.—Orders for the two hundred United States marines to report at their naval stations for duty in Cuba were received by Lieut. S. S. Lee today. The marines left shortly after noon for the naval stations at Charlestown, Brooklyn, New York and Portsmouth.

AMERICANS ARE GIVEN WARNING TO PREPARE TO LEAVE MEXICO MAN EXECUTED FOR TREASON

MAZATLAN, Mexico, May 28.—Consternation reigned here last night when it became generally known that Roberto Almada, millionaire member of one of the leading families of Sinaloa had been secretly executed

for treason by the federals at midnight Sunday on the Pacific shore in front of Florietta Prittanlea.

Another prisoner was executed at the same time.

Almada was a leader of rebels when Cullinan was taken. A month ago he

sued for a pardon and believing that it was granted came to Mazatlan ten days ago. He was arrested, tried and found guilty of treason.

The American consul at Durango has sent a circular to every American in the mountains warning them to pack their most valuable belongings and prepare for instant departure.

American Consul Alger will leave Mazatlan today for an official visit to Cullinan. His purpose is not known.

SEVERAL ASSAULT CASES HEARD IN COURT TODAY

Several assault cases occupied considerable time at this morning's session of the police court, presided over by Judge Pickman. The case of Andrew Stanislawski, charged with drunkenness and two counts of assault and battery with a knife on Paul Babola and Stanislawski Assenkowsky, was first called.

The cases resulted from a fight that occurred in Sullivan's court, off Fenwick street, late Sunday afternoon, in which both complainants were badly lacerated. Babola received a cut over the heart that was 8 inches long and Dr. Blanchard of the Lowell hospital testified that it took 15 stitches to close the wound. Dr. Blanchard said that Assenkowsky came to the hospital with a bad gash in the left wrist.

The defendant who lives on Market street was not put on the stand, but Frank Goldman, counsel for the complainants, produced a court record, showing that the defendant on August 30 was sentenced to the house of correction on a charge of assault and battery.

Babola testified that on the afternoon in question, Stanislawski came into the yard at 7 Sullivan's court and said that he was looking for trouble. A fight was started but the witness could not remember how he was cut. He said that he saw the defendant with the knife and he knew he stabbed him but did not know how. A little boy was called and he testified to seeing the alleged stabbing and said that both men were badly cut up and bleeding. Several other witnesses were called and they corroborated the testimony of the former witnesses. Officers Markham and Bagley who arrested the defendant were called. Officer Markham said that at 5:45 o'clock two boys came to him and told him of the fight. He said he and Officer Bagley went to the house and went to the third story and found the defendant in a closet. He said the man was bleeding and that he was drunk. He testified that the complainants were called and the other officer testified along the same lines.

Several witnesses for the defense were called and they denied the testimony of the government. One of the witnesses, John Mouchoux, who was arrested at the time of the alleged assault and was found guilty in court yesterday and ordered to pay a fine of \$5, said that he could not remember seeing any knife or blood. The test-

imony of the other witnesses was about the same.

Judge Pickman first found the defendant guilty on both counts of assault and imposed sentences of five and four months, placing the charge of drunkenness on file. He later withdrew the sentence, finding probable cause and ordered the defendant held in \$750 bond for the grand jury.

Fined Eight Dollars

Demetrios Veris, was arraigned on a charge of assault and battery on Evangelos Panagakes on Saturday, May 25. He was found guilty and ordered to pay a fine of \$8.00.

Assault and Battery

Frank Angelo, charged with assault and battery, on a boy, named George F. Brennan was found guilty and a fine of \$1.00 was imposed. The assault occurred on Saturday, May 25, when the complainant and other boys were in the defendant's yard in North street. The defendant testified that the boys for several weeks had gone through his yard where he had vegetables planted and destroyed a great deal of the latter. He said he just grabbed the boy, who had stone in his hand and pushed him. Martin McNulty, the little newsboy, was a witness and he proved very witty. While under cross-examination he answered all questions and said that the defendant punched young Brennan several times.

The complainant testified that the defendant grabbed him with both hands by the arm and threw him to the ground. He showed his left arm which bore a black and blue spot near the shoulder. Two women, who were present corroborated the testimony of the defendant. The court said that the man was undoubtedly provoked by the boys running through his garden, and while he would find him guilty of the assault, he would find the fine small, ordering him to pay \$1.

Paid His Fine

James Condas, charged with the violation of a city ordinance, relative to distributing hand bills without a permit, was arraigned, and entered a plea of not guilty. Officer Kilroy testified that he found the defendant, handling L. W. W. hand bills in Dutton street last evening and placed him under arrest. The court found the defendant

THE DEFENDANT WON

Verdict For Bay State St. Railway Co.

In the case of Charles T. Douglass vs. Bay State Street Railway Co., an action of tort for alleged damage to the automobile of the plaintiff in a collision which occurred in Branch street on Sept. 27, 1911, which was started in superior court yesterday, the jury this morning reported a verdict for the defendant company. The ad damnum was \$3000.

The next case to be called was that of Raymond vs. the city of Somerville, an action of tort or contract, the ad damnum being \$10,000. In his declaration the plaintiff alleges that he had a contract with the city of Somerville for the use of the city's incinerator at a monthly fee of \$112.50. He also alleges that the incinerator building was destroyed by fire on June 16, 1910 on account of the city's failure to keep the plant in proper shape, and declares the burning of the building has practically crippled his business.

In the jury waived session of the superior court this morning the case of James S. Hastings against Stanley, an action of tort or contract, which was started yesterday morning was resumed before Judge Keating.

THE WEATHER CONDITIONS ADVERSE TO THE TRADE

Recent Warm Weather is an Incentive to Prospective Buyers

Recent warm weather is an incentive to prospective buyers. The spring did not open as anticipated; continuous rains delayed seeding in the big agricultural sections of the country as much as 10 or 15 days; floods in other sections left the roads in such a deplorable state that it was impossible for buyers to make their cars out of the garages; the cotton season was delayed with prospects of a later crop; and many other unfavorable conditions exhibited themselves. With such an apparent landscape of delays to retail sales, a few dealers stamped. One night they fell into peaceful slumber; sales were a little better than a year ago, prospects were encouraging; all was well. But they awakened with trouble; the weather had turned, the market waned, the enthusiasm faded, and the business of the entire business had been suddenly checked. They must sell cars, they must sell them every day, they must get deliveries. To do this the only solution that appeared to many was price-cutting and lavish liberality in second-hand car trades. This worked well for a while, but had serious consequences. The stock of second-hand cars and soon jumped by leaps and bounds and soon a new nightmare exhibited itself to the dealer—that of second-hand cars to be got rid of, some of them at a loss and all of them with more or less difficulty because of allowing too much for them on the new car deal.

This condition exists in not a few sections of the country today. It is not a real serious problem because the natural demands of the country will soon rectify matters. The recent warm days have proven this, for they have brought the buyers out with as much determination of buying as shown in the umbrella field on a rainy day. The demand is there; the cars are manufactured; all that is needed is reconciling these two factors, bringing them together in a word, having the demand when you have the machines. This condition will arrive. It may be two weeks late, but when it comes it will be an avalanche. It is questionable if the ordinary dealer will have a selling force adequate to the requirements, but he assured that it will come.

The dealer must realize that the year is made up of four different seasons, and that while winter may everlastingly forget to give way to summer, and autumn encroach on the borders of summerland, still when the sun total is compiled at the end of the season, the number of days of sunshine, the days of rain, the days of frost, the inches of rainfall, the inches of snow, and the degrees of temperature will average up about the same as in previous years. True, the irregularity may occasion much concern, but it is not such as to cause a surrender of basic business principles. The dealer must exhibit more stability, otherwise his own acts will add to the uncertainty, and he may be the harbinger of a crisis, when otherwise nothing more than a brief depression would have occurred. It is up to the dealer to keep the flag flying, and to bear in mind the old adage of "extra steam when the wind is contrary."

When the dealer finds himself face to face with a temporary off-market condition, it is a storm sitting down to protect his bulwarks. Sitting down and gossiping over his misfortune with others is the shortest route to real trouble. When the storm signal is raised the time has arrived when he should get away from his business, to go to the office, to the bank, to the home, to where his business horizon is reinforced by the store of arguments, to, in a word, develop more of the forceful elements of salesmanship.

Price-cutting should be the last resort. By price-cutting he is merely laying up troubles—troubles that he must meet at a later date, if by his hasty action he has not taken steps that will sooner or later entirely remove him from business. If temporary depressions in business present such conditions that the individual dealer cannot cope with them, the dealer should take up the problem and by concerted action prevent the further widening of a distressing situation. In not a few cities this has actually been done. Within the last few weeks dealers' organizations, which are worthy of the name, have wrestled with the problem and the individuals have been strengthened. Let the dealer remember that he is not one of perhaps 100 in his city, and that the crying acts of the weaker brother bring a burden on the stronger ones. Let the strong remember that every act of price-cutting of the weaker one injures the entire body. Because of this co-operation is needed; co-operation to stiffen the weak and make the strong still stronger.

The Popular Buick Car

Although the weather has been depressing during the past few weeks, Manager Fred Emerson of the Lowell Automobile Corp. in Appleton street, has been kept busy both in selling cars and at his repair shop near the depot. During the past week he sold a model 25 Buick, five passenger touring car, to Peter Spitt of Maynard, a model 36 to W. H. Clark of Reading and a model 16 Buick to C. H. George.

Mr. Stephen L. Rochette of the Lowell Motor Mart in Merrimack street has been kept so busy that he was unable to display cars in his show rooms, but yesterday six new cars arrived. They were all of the touring type and the majority of them will soon be delivered. The names of the buyers have been already listed in the column of this paper.

A Ford touring car was delivered to Arthur L. Gray, the well known real estate dealer, today.

There is another carload of Ford cars which will reach this city during the latter part of the week.

Reports Business 'Good'

"Business is excellent and far beyond the most sanguine expectations of Joe and myself," said Charles Anderson, partner with Joseph Halloran, in the A. and H. shop in Paige street. "Of course you know that we are doing a specialty of vulcanizing, believing that in so doing we will be better able to attend to the needs of the automobilists in this branch."

"I do not think that vulcanizing should be considered as an immaterial part of the automobile business. It is something that the automobile owners must have, as it would not pay them to discard a tire or tube just because it had a cut or bruise. It has been next to impossible in the past to have a tire vulcanized and returned within a short time. Because of the many other things which are generally attended to in a garage, vulcanizing has been done 'between times.' This is a dealer which we will try to overcome and we believe that we can do it very easily by confining ourselves to vulcanizing, doing that only but doing it well." The leading masses of tires are carried in stock at this shop.

AUTOMOBILE NEWS

THE SWEEPSTAKES RACE TO BE HELD ON MEMORIAL DAY

Will be One of the Biggest Automobile Races of the Year—Qualification Ended

Lured on by the richest prizes ever offered in automobile speed competitions, and driving the speed creations of the most brilliant engineering minds of Europe and America, the drivers entered in the second annual 500-mile race at the Indianapolis motor speedway will begin their long journey around the brick oval at 10 o'clock next Thursday morning.

For the second time in the history of the world's greatest race course the five-century contest for cars under 600 cubic inches will be offered to the ablest drivers and the sporting inclined followers of the automobile game in the United States.

This is the greatest of track races. The first 500-mile event on the virtu-

ous oval at Indianapolis astonished the world, and Ray Harroun in his Marmon Wasp was the hero of the nearly seven-hour speed combat. The first race taught the speedway management, the engineers, the drivers and last but not least, the public.

The second race will astonish the world. The greatest drivers on this side of the Atlantic are entered and many of them participated in the first event. The cars are faster than in 1911. The requirements of the entry conditions were much more stringent. The facilities for handling the largest number of people that will witness a sporting event in 1912 are much improved over the 1911 conditions and Indianapolis people by co-operating with the speedway management and the hotels will be able to easily handle all its guests.

The motor speedway, at a cost of

\$675,000 has substituted a tunnel for the old foot-bridge just north of the pits. This will facilitate the handling of the autos that are parked in the infield and the vast crowds that will view the race from this enclosure. The tunnel is just north of the wire at the north end of the paddock box stand. It will admit the passage of two motor cars at the same time, going in opposite directions, and also provides two passages for pedestrians elevated above the vehicle passages.

The pits at the south end where Harry Knight pushed his Westcott into the wall to escape crushing the Case mechanicals, Anderson, last year, have been fitted with concrete walls like the other pits in place of the former wooden partitions.

The speedway has in every way perfected its arrangements to make safe every possible angle of the race. The track has been gone over carefully and smoothed out. The drivers were instructed Monday night at 8 o'clock, in a meeting at the Claypool hotel by the A. A. A. officials in charge of the race, and cautioned to be vigilant at all times. An elaborate signal system for use in emergencies on the track has been worked out.

Only the cars that comply with the entry requirements in every particular will be allowed to face the starter Memorial day morning.

All steering knuckles, front axles, frame hangers and steering mechanism, including the rods, will be subject to the approval of Howard Coffin, famous as engineer and builder of the Hudson car and the mechanical engineer of the speedway. These details prove to the layman that the first race demonstrated to the speedway and the motor car designers and builders the necessity of the precautions in running a race of such a distance.

Not only will the race for 500 miles be the longest track event in 1912, but it will also offer the largest amount of cash to the drivers of the modern space-racers. Fifty thousand dollars is offered to these men who will catapult their cars through space for more than six hours in an effort to cross the tape first with 200 laps to their credit.

The winner will receive for his probably six and one-half hours' exertion, the modest sum of \$20,000, while Ray Harroun, the winner of the first race, drew down \$10,000. In addition to this amount of cash offered by the speedway the various accessory manufacturers interested in the race have offered cash. The following amounts will be given to the next eleven drivers in the order that they finish: \$10,000, \$5,000, \$3,000, \$2,500, \$2,000, \$1,500, \$1,200, \$1,000, \$1,000 and \$1,000.

Among the drivers and relief drivers named for the twenty-seven entries in the race, seven drivers and seven relief pilots will ride in their first 500-mile event. The drivers that were not participants in the first five-century gasoline marathon are: Harvey Herrick, Bert Dingley, Billy Liscaw, Joe Moran, Len Ormsby, Charles Sham-baugh and H. J. Kilpatrick. The relief pilots to make their bow in the 500-mile event are "Big Boy" Rader, Johnson, Swanson, Fuller, Farr, Kittrell and Fowler.

HORSE RAN AWAY

AND MANY HAD NARROW ESCAPES ON BRIDGE STREET

There was a lively runaway in Bridge street shortly after 7:30 o'clock this morning and that no one was injured was a miracle for the horse traveled from one side of the street to the other and bumped against telegraph and trolley poles and scores of people had to rush for safety while the horse was passing through Bridge, West Third and Coburn streets. The animal was finally stopped in Coburn street by Arthur F. Rabour, the contractor.

The horse and carriage, a piano box buggy, had been hired by a man who intended to do some construction work and there were several pieces of small lumber in the rear of the wagon. The horse was attached to a trolley pole on the western side of Bridge street between 12th and 13th streets.

When the bridge street electric car which left Dracut centre at 7:30 o'clock approached the horse became fright-

QUALIFICATION TRIALS

Were Held at Indianapolis Yesterday

INDIANAPOLIS, May 28.—Twenty-one monster racing cars made a merry-go-round yesterday of the qualification trial for the Memorial day 500-mile race at the Indianapolis speedway.

The drivers easily sent their machines over the 2½-mile laps on the

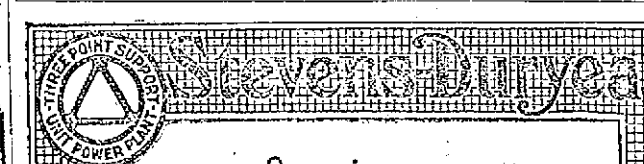

brick oval under the two-minute limit prescribed for eligibility for the great race to begin Thursday morning. The best time was made by David Bruce Brown in a National. His car pounded out the distance in 1m. 47.5s.

Only two entrants had trouble, Romine and Lee Oldfield.

Bawson, driving a National was second to Bruce-Brown, as regards time, 1:44.9s. Joe Hotch marked up 1:51.52 for his Lozier. Herr got a third National around in 1:45.9s, and Spencer Wishart's Mercedes did the circuit in 1:47.2s.

BUTTS IS SENTENCED TO STATE PRISON

Man Guilty of Manslaughter Gets
From 14 to 16 Years—
He Killed a Man

BOSTON May 25.—Henry H. Butts, the negro guard of Clarence V. T. Richeson while the latter was at the Charles street jail, was sentenced to state prison for a term of 14 to 16 years by Judge Crosby in superior criminal court yesterday, for manslaughter in killing Robert Williamson, colored. He was indicted for murder in the first degree. A plea of guilty to manslaughter was accepted by the government some time ago.

Joseph A. Dennison, counsel for defendant, urged the court to deal mercifully with him, saying Williamson had been paying attention to Butts' wife and the defendant had led an exemplary life.

Dist. Atty. Pelletier said consideration had been shown to the defendant when a plea of manslaughter was accepted. He called the court's attention to the fact that Williamson had been shot in the back three times and that the defendant had carried a revolver some time. In view of the unfortunateness of his wife the government felt that a plea of manslaughter would be advisable, the district attorney doubt-

ing whether a jury would convict on the indictment under all the circumstances. He suggested a sentence of 15 to 20 years.

The judge took into consideration the good life that accused had led and the services he rendered to the county in attending Richeson. However, his honor said, Butts was fortunate the government accepted a plea to manslaughter, because at a trial, in his opinion, a jury would have been warranted in finding on the evidence that the defendant was guilty of murder in the second degree.

The crime occurred in Shawmut avenue. Dist. Atty. Pelletier was passing on a car when the defendant shot Williamson. Butts calmly remained at the scene of the shooting until an officer arrived to arrest him.

DEATHS

PILLSBURY—Deacon George Pillsbury, aged 88 years, died yesterday morning at his late home. Pleasant street, Tewksbury. Deceased enjoyed the best of health until Saturday morning when he took sick and passed away two days later.

He was born in Boscawen, N. H., his father being General Moody. Pillsbury and his mother, sister to General John A. Dix. Deacon Pillsbury went to Tewksbury over 60 years ago to teach in the public schools, and 60 years ago he was married to a Tewksbury girl, Miss Lydia A. Marshall, who survives him as do five of the six children which were born to them. He was chosen deacon of the Centre Congregational church, Sept. 22, 1867, and was at the time of his death senior deacon of the church. He was a man much respected and loved for his sterling character and kindly, genial spirit of willing helpfulness. As the oldest resident in town he was the possessor of the gold headed cane which the Boston Post presented to him a short time ago and which will be now transmitted to the oldest man living, which is thought to be Mr. Joel Macy.

MUNSON—Mrs. Adeline Munson, aged 69 years, wife of John Munson, died last night at her home, 113 South Loring street. She is survived by her husband and two sons, Ellsworth Munson of this city and B. W. Corlew of Boyce Springs, Cal.

NATURE'S FOOD-MEDICINE

There is nothing in the world more beneficial to you, whether you are sick and want to get well and strong again, or if well to stay well, than pure olive oil. Physicians today are recommending Pompeian Olive Oil because of its purity, to thousands of patients, and so wide is its beneficial effect, that it may be referred to as a panacea for nearly all ills. In nearly every case, it accomplishes what is expected of it, and in this way it could almost be referred to as a specific.

Pompeian Olive Oil is a food without equal. It builds up the tissues, enriches the blood and restores strength. It is a medicine because it aids digestion, relieves and prevents constipation and strengthens the body to throw off disease. Being easy to digest it is of the greatest value to people suffering with weak stomach.

The very best results from Pompeian Olive Oil are obtained when it is taken regularly with each meal, either plain or over salads or foods. It is most palatable even to those who never used olive oil and who think it has a greasy, unpleasant taste. Pompeian Olive Oil has a sweet, nutty flavor, not to be found in any other kind. This is due to the fact that Pompeian is from the first pressing of hand picked Italian olives and is not chemically treated.

Pompeian Olive Oil is sold by druggists and grocers. Full one-half pint cans, 25 cents; full pint cans, 50 cents; full quart cans, 90 cents.

IS IT WORTH YOUR WHILE?

THINK IT OVER

The last item, \$52.60 saved on one purchase means a good deal to that family—Many things can be bought for \$52.60. And the majority of people in Lowell have to work a good many days to earn \$52.60.

After all the advertising we have given this sale, it seems strange that we should have one piece of furniture or a yard of carpeting or art square left in stock.

While we have sold over \$15,000 worth, we have altogether too much left, especially if we have to move out again before our own store on Hurd Street is ready.

The same price tags are on the goods. All plain figures. You can see what you save on every article. If you don't buy your furniture here and now, you are cheating your pocketbook.

POLICE BALL GAME

The Lowell and Revere police baseball teams met at Washington park, at noon today and for more than three hours, which seemed like ages, they battled for supremacy.

At the time of going to press this afternoon the visitors were at bat and the score was a tie, nine to nine, and

there was a considerable delay owing to the fact that almost a score of balls were fouled over the left field fence into the canal. Some of the spheres were recovered but there were many which were lost.

COMMITTEE ON CITIES

Favor Letting Lowell
Borrow \$150,000

The committee on cities filed its report on the petition of the city of Lowell to borrow \$300,000 beyond its debt limit in the senate this afternoon and the committee recommends that the city be allowed to borrow \$150,000 instead of \$300,000. Senator Barlow, said this afternoon that if the amount recommended by the committee was not satisfactory to Lowell he would try to have it amended.

TEXTILE SCHOOL BILL

Governor Foss has vetoed the Lowell Textile School bill, but it has become a law despite his veto because of the lateness of it. The bill was vetoed by the governor yesterday afternoon after having laid in his office for five days and it was not filed at the clerk's office until this morning. After a bill has remained in the governor's office for five days it becomes a law without his signature and that seems to be the case of the bill in question. The bill calls for a total of \$33,000 for the maintenance of improvements at the Lowell Textile school.

FIRE DEPARTMENT EXPENSES

While the total expenses of the fire department for the first four months of 1912 show an increase over last year of \$870.31, the fire department expenses for these months, January, February, March and April amounted to \$6,690.50 in 1912 as against \$19,041.50 in 1911.

It is the pay roll that shows the increase, \$19,882.76 for 1912 as against \$45,676.35 for 1911, and this increase

is due to the increase in pay of 25 cents a day for firemen which went into effect on July 1, 1911. The saving in the fire department expenses for the first four months of the year is very commendable and comparative figures after July 1, will undoubtedly show a big saving in total expenses over last year as after that date the wages for both years will be reckoned on an equal basis.

VOTING IN NEW JERSEY IS QUITE LIVELY TODAY

Opponents of Gov. Wilson Expect to Elect "Uninstructed" Delegates

NEWARK, N. J., May 28.—More than half a million voters in New Jersey today have their opportunity to influence the selection of presidential candidates next month at Chicago and Baltimore. The campaign for primary votes in this state has been waged with vigor and the result will carry the weight attached to the last state primary verdict upon personal campaigns of the presidential candidates.

Superb weather prevailed throughout the state during the morning. The voting hours of 1 to 9 a. m. have been

set for the special convenience of the commuter population and the heaviest vote is expected the last three hours the polls are open.

The opponents of Gov. Wilson are confident of electing "uninstructed" delegates in this city.

Twenty-eight delegates will be chosen today, four at large and two from each of the twelve congressional districts. In addition the voters have a place for a direct presidential vote.

MONTHLY REUNION

OF THE PUPILS OF ST. JOSEPH'S COLLEGE

The monthly reunion of the pupils of St. Joseph's college was held yesterday afternoon in the college hall with a large attendance of parents and priests. A delightful entertainment program was carried out in a very satisfactory manner followed by an address by Rev. Joseph Lefebvre, O. M. I. The program was as follows:

Galop, "Let's Start," by the college orchestra; violin duet, "Waves of the Ocean," by Ormer Lincoln and Andre Gagnon, accompanied on the piano by Mrs. J. A. Bernard; violin solo, "Fantasie Espagnole," by Ernest L'Heureux, accompanied by Mrs. J. A. Bernard on the piano; "Soyez Militaire," by Alfred Dubois and Arthur Salvas; results of the examinations in second and third grades; cornet solo, "Wild Flowers," by Arthur Drapeau; "L'aveugle et le Sourde," declamation by Frederic Leclerc; "Les Cymbales," chorus, by the pupils of the 12th class; results of examinations in the fourth and fifth grades; violin solo, "Italiane Romance," by Wilmer Ricard; "Una Trouvaille," declamation by Lucien Mitot; "Les Pauvres," vocal duet by Leo Lesieur and Henry Grenier; results of the examinations in the eighth grade; "Chez le Barbier," pantomime by Armand Lemieux, Emile Lambert and Leo Letourneau; "L'Enfant Malade," declamation by Rodrigue Ricard; remarks by Rev. Fr. Lefebvre, O. M. I. and "Souvenir de Buecellosi," waltz by the college orchestra.

TENDERED A RECEPTION

One of the daintiest receptions of the season took place last night at the home of Miss Diana Chiqu-Mars, a member of the popular Chiquette club, in honor of her 25th birthday.

During the evening there were many games played, and solos rendered. Among the most pleasing were those given by Miss Anna Latham and Miss Agnes Devine. The accompaniments were played by Miss Devine. A dainty lunch was served, after which the games were resumed and continued until midnight.

The guests from out of town were many, among them were Mr. Lavigne and Mr. Rochette from Salem and Miss Eva Chiqu-Mars from Wyoming. At a late hour the guests departed. Miss Chiqu-Mars received many beautiful presents.

Mr. George Elliott and Mr. Paul Doherty were great additions to the party and their company was much enjoyed by all present.

FATALLY BURNED

LAWRENCE BOY HAD PENDANT FOR MATCHES

LAWRENCE, May 28.—Four-year-old Joseph McEachern died at his home, 42 Fulton street, yesterday as a result of terrible burns he received while playing with matches. The child was left alone in a room for a short time and set his clothes afire.

His shrieks brought his mother to the scene, and with the aid of a rug she extinguished the fire, but not until the child had been badly burned about the body.

The boy previously had several narrow escapes from burning because of his penchant for playing with matches.

SOCIAL AND FRATERNAL

An open meeting of the International Brotherhood of Stationary engineers was held at Cotton Spinners' hall in Middle street last night. There was a large attendance and considerable business of importance was transacted. Twelve new members were admitted and 15 applications for membership were received.

The minimum scale question was laid over to the next open meeting which will be held on June 23rd and will be advertised through the press. There were some reports made and accordingly there is a violation of the state law which will be looked after thoroughly. It was also reported that the firemen did not get the 10 per cent. raise as was promised to the other mill operatives. A lot of other grievances were also reported and will also be investigated. It is the future aim of the stationary firemen to get better conditions, better hours and better wages for their craft, as they consider that they are the hardest working men in the mills and deserve as much consideration as any of the other employees and they will demand an increase of wages in all the mills of Lowell and vicinity in the very near future.

MATRIMONIAL

The marriage of Mr. Edward Chapman and Miss Serether Aker was performed last night at the home of the bride's parents, 322 Bridge street by Rev. S. W. Cummings. The bride was charmingly crowned in white silk, trimmed with silk insertion and wore a veil with tines of the valley. The bridemaid, Miss Lillian Aker was also dressed in white silk. The best man was Mr. Fred Eldridge. Mr. and Mrs. Chapman will reside for the present at 323 Bridge street.

PAIGE-SLEEPER

Mr. Mark R. Paige and Miss Abbie F. Sleeper were married last Saturday at the home of the bride in North Chelmsford by Rev. S. W. Cummings. The young couple were attended by Mr. Joseph Sleeper as best man and Miss Laura Sleeper as bridemaid. Mr. and Mrs. Paige left immediately after for a short wedding tour and will be at home to their friends after June 15 at North Chelmsford.

CUSUMANO CASE

UP TO COUNCIL

Lawyers for Condemned Woman Overjoyed

BOSTON, May 28.—Their faces radiant with smiles, Attorneys Thos. J. Grady of Boston and William A. Coughlin of Abington, counsel for Mrs. Lena Cusumano and Enrico Mascioli, emerged from the private offices of Gov. Foss at 4 o'clock yesterday afternoon, and announced that the governor had consented to allow both applications for a commutation of sentence to go before the council at 2 o'clock Wednesday afternoon.

"There was so much perjured testimony introduced at the trial, together with the fact that the daughter is mentally defective now and has been since birth," said Attorney Grady last evening, "that we feel there is some real merit to the applications for a commutation of the death penalty in both cases to life imprisonment. There should be no taking of life in either case on such evidence as was introduced at the trial, and on which the commonwealth really built its case."

"When we appear before the governor and council, Wednesday afternoon, Dr. Emil Reese of the Boston dispensary, who was formerly identified with the Danvers insane asylum, and Dr. Walter E. Fernald, superintendent of the Massachusetts School for Feeble Minded Children, will be on hand to testify in regard to the mental condition of the daughter of Mrs. Cusumano, whose testimony, we maintain, went a long way toward bringing about a verdict of murder in the first degree against our clients, and the consequent death penalty."

LOS ANGELES, Cal., May 28.—Deportation of two alleged members of the Industrial Workers of the World, the departure for San Diego of about 200 men, all said to be Industrial Workers, and the arrival here of Joseph Mayers of the San Diego police force, bringing several bombs said to have been prepared as part of the plan to destroy the lives of officials of San Diego were the principal features in the Industrial Workers of the World situation in Los Angeles yesterday. Albert J. Dumont and Albert Wilson were found by the local immigration officials to be in the United States in violation of the anti-alien act and were ordered deported.

MILLIS, May 28.—The explosion of a gasoline engine started a fire that destroyed the plant of the United Cork & Seal company here today, causing a loss estimated at \$75,000 and throwing 120 hands out of employment. Two or three other buildings near the factory caught fire, but quick work by the firemen prevented the blaze from doing any extensive damage outside the plant. For some time the plant had been running night and day and today's fire broke out just as the night gang was leaving work. A large supply of finished goods stored in the building was destroyed.

LAWRENCE, May 28.—Two hundred employees of the combing room of the Wood mill quit work at 9 o'clock this morning, joining 200 employees of the carding room who left yesterday afternoon because they refused to work in with non-members of the Industrial Workers of the World. As the strikers left the mill this morning they pursued the same tactics adopted at the beginning of the big strike here, by calling others out of other mills, but the police scattered them without trouble.

KEITH'S LOWELL THEATRE

Theo Lightner and Elvia Bates, two bewitching girls who captivate each and every member of the audience, are occupying the main limelight at Keith's this week. Theirs is a musical act. Theo plays the piano and Elvia sings. To be sure, this combination is nothing unusual, but, like telling a story effectively, it's the way they do it that stamps them as Al entertainers. Elvia possesses a voice sweeter than that of the lark, which you hear every morning on your pre-breakfast constitutional, while Theo has the gift of extracting tones from the ivories that are as entrancing as those from the harp of Orpheus himself. When it comes to keeping the men folks on the edge Elvia has the usual comedienne beaten to a frazzle. This she does by whisking forth a camera, an imitation one, however, during a catchy song and announcing that she will snap shot each good looking man in the house. Every male person instinctively sits up and "looks for the little bird." Of course, Theo is right there with the vocal matter, too, so that when the pair get harmonizing there's some melody wafting through the air. Altogether, there's as rollicking a team of fun-makers as could be found this side of Broadway.

Thor, another artist on the bill this week, tickles the banjo with surpassing skill and deftly skims over the xylophone with cleverness unparalleled. Nothing but the very latest in the musical line does he dispense. These tuneful melodies are invested with unusual charm by the masterful manner in which Thor renders them. A running fire of sizzling comedy crowns the act, one of the cleverest of its kind that has ever appeared in Keith's.

Many a joke has been sprung at the expense of Beatrice Fairfax, the journalistic heart specialist; now comes along a clever little skit entitled "An Editorial Substitute" to add to the fame of the aforesaid Beatrice. The skit is handled by Margaret Bird and Edward F. Rossman. Miss Bird taking the role of a correspondent and Mr. Rossman that of a substitute "Miss Fairfax." The advice the male "Miss Fairfax" hands out to the love-lorn maid is side-splitting and the manoeuvres he uses to himself capture the heart of his patient are wonderfully interesting.

"At the Seaside" is an additional musical number that hits the fancy of the audience. The Misses Iscib and Van Brocklin and Messrs. McAdams and Lloyd are the tuneful "beachers." Their rendition of repertoire of catchy songs is splendid, in the singing of which they are sure always to get a hearty hand.

The Philistine Civil war paintings, twelve in number, are an unusual feature this week. They present impressive views of memorable scenes connected with the great rebellion. A lecturer explains the incidents connected with the great rebellion. These are made all the more interesting by a graphic description of the incidents surrounding the pictures which is given by a capable lecturer.

Four motion pictures, complete the two hours and a half of entertainment. These are of a high grade tone, being among the best ever shown in this city.

Biggest ever. Asso. hall, Wed. night.

THOMAS WHITELEY.
Appearing at the Merrimack Square Theatre.

MERRIMACK SQUARE THEATRE

The attendance at both performances at the Merrimack Square theatre yesterday was extraordinarily large, and the many patrons seemed well satisfied with the bill as presented, for practically each number was received with loud applause. A great attraction this week is Thomas Whiteley, a young Englishman, who had a very narrow escape from death when the Titanic went down carrying sixteen hundred people to their doom. Whiteley was employed as a first cabin steward by the White Star line and was selected among those who were to serve on that company's pride, the then largest and most palatial ship in the world. Although inexperienced in presenting such a talk before the public, Whiteley recites his story in a decidedly interesting manner. To repeat it at this time would tend to make the story less entertaining to those who attend visiting the theatre during the remaining performances. Be it said, however, that his story is first hand and contains many features not touched on by the press either at the time of the terrible catastrophe or since then. Mr. Whiteley is to appear afternoon and evening for the remainder of the week and he offers the opportunity to any of those who visit the

theatre to ask him any questions desired in connection with the accident. The questions are to be written and forwarded to the box office, with the request at which performance the answer should be given. The Temple players are heard again this week to advantage in what is known as "At Textile," a bright musical comedy, which contains all of the school songs and yells, as well as a clean and snappy series of the latest song hits that combine in making the presentation the equal of their very best efforts. Each song is a hit by itself and he it said that all the numbers including the chorus numbers are exceedingly well rendered. Denny Simonds as "The Military Hobo" is very clever. His act is one of the wittiest on the vaudeville stage and is rendered in such a clever manner that it carries the house. It consists of singing, dancing and a touch of funny sayings which are sure to please. George Lewis is the week's soloist and his numbers are acceptable. The photo-plays for the week are especially interesting. They include some dramatic offerings by well known entertainers, as well as some exceedingly good comedy portrayals. "One Thousand Miles Through the Rocky Mountains" is one of the most inter-

There is no getting away from the fact that there is nothing so comfortable or so dressy for Summer wear as a Blue Serge—but the Quality must be right. An unworthy blue serge is a snare and a delusion. This week we will put on sale 500 Men's Hand-Tailored Blue Serge Suits at \$15.00. We ask you to come to the store, examine these suits, ask the salesman for a sample of the cloth, take it up-town or down-town. Compare it with any and all you find at \$20.00. If you are not convinced that it is equal to any \$20.00 Serge Suit shown you, we've no argument.

The serge is a good weight; navy blue; lustrous finish; color guaranteed. The models are smart; the tailoring is high class.

If a garment pulls out at the seams or loses its color, we furnish a new one.

SEE THEM WIGGLE

When the doctor says "It's coffee, stop it. If you want to get well."

What a mean doctor, but then plain facts are best to know, so we may cut out the things that hurt. A few years ago a Cincinnati man went to Germany for his health and to consult one of the famous physicians in Berlin.

The doctor found him a nervous wreck suffering from loss of sleep and constipation and about 50 lbs. off his usual weight.

But let him tell his own experience:

"The doctor surprised me very much by asking at once if I was a coffee drinker, and on telling him I used it two or three times a day he said: 'It is poison to some persons.'

"After carefully examining me he told me there was nothing the matter with me whatever but what could be entirely cured in 30 days by letting coffee and other stimulants alone and dieting.

"So I put back home and wife got some Postum for me.

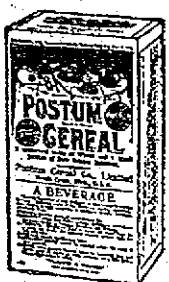

"The first trial didn't please me but we found it hadn't been boiled enough. The next meal it was fine.

"I seemed to begin to get well at once and kept it up until I gained back my 50 lbs. and all the old sick times from coffee left for good. Now I am in prime health, fine appetite, and sleep like a boy."

ACADEMY OF MUSIC

The critics of the world claim that the greatest motion picture ever produced is "The Mystery of Souls." It is a large reel feature, subject and being produced at the Academy of Music. Do not miss it. Vaudeville and songs constitute the balance of the bill. Tonight is Country store night when a number of presents will be distributed among the patrons. With Bill Looney as storekeeper, the fun will be lively, no doubt, and the affair is rapidly gaining in favor. Come up and see the fun, even if you don't join in.

THEATRE VOYONS

Few married couples live to celebrate their golden wedding anniversary but a dear old couple in "Their Wedding Anniversary" shown at the Theatre Voyons today do celebrate it and it's a mighty happy celebration too. The father, a cross and hard hearted farmer, first disagrees with his son who leaves home, though it almost breaks the mother's heart. As the years pass by the father sees his cruelty and deeply regrets it. On the wedding anniversary the father and mother hitch up old Dobbin and go to town and what makes the party so merry golden one indeed is that they find the wandering son in the town and everyone is happy in the end.

GREAT MUSICAL EXTRAVAGANZA

A musical extravaganza in which a cast of 100 will participate will be presented in the Hathaway theatre, Friday evening, May 31st, by local talent for the benefit of the worthy charity. One of the features of the melange will be the "Robber Dance," taken from the light comic opera, "The Girl of My Dreams," and will be given by Miss Louise Talbot, assisted by Mr. French Leighton. The dancers have been coached by Miss L. Blanch Perrin. The presentation of this dance which has made the opera in which it is given one of the most popular of recent years, will no doubt compare favorably with that in the opera as the young people have had it in rehearsal for some time and have given it much study. The program will be made up of singing and dancing, and the fact that only local talent will appear, will bring a good sized audience. Tickets are now on sale at the Shaddock & Normandin credit store on Middlesex street last night. The occasion was brought about by the retiring of Mr. Zephirio Normandin from the firm of Shaddock & Normandin, as he is to leave the city and engage in the hat and furrier business in Canada. The employees got together last evening and presented him with a beautiful travelling bag of the finest quality of walrus leather with polished brass trimmings. The bag is a very beautiful gift, and Mr. Normandin was entirely overcome by the pleasant surprise, not having the slightest knowledge of what was to happen. The assembly sat down to an inviting spread where song and story and a happy time was enjoyed for a couple of hours. The party before departing wished Mr. Normandin the best of success.

CHARACTER PARTY

Final arrangements have been completed for the monster character party to be held Wednesday night at Association hall under the auspices of the Young Men's Catholic Institute. As the affair is in aid of the Immaculate Conception church fund great interest is being taken in the event and a very large crowd is assured. The grand march will eclipse any similar event ever held in this city and the best prizes ever awarded for such an event will be hotly contested for by entrants from all over the city. Dancing to music by Gilmore's orchestra will follow the character march.

KASINO OPENS TONIGHT

Promptly at 8 o'clock tonight, a big orchestra will sound the opening of The Kasino, Lowell's only open air dance hall. By midnight, it is expected that more than 2000 men and women will have tried the floor, which is said to be the very best in New England. The Kasino is situated opposite the northwest corner of the South common, occupying an elevation overlooking the common, just to the south of the George manston in Thorndike street. It is said to be the coolest, breeziest spot in the city on a hot day, and as it is at everybody's door, so to speak, there can be no question as to patronage.

Porto Rico's New Wonder

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. It cured me about six times of terrible coughs and colds, also my brother of a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico. For throat and lung troubles it has no equal. A trial will convince you of its merit. 50c and \$1.00. Trial bottle free. Guaranteed by A. W. Dows & Co.

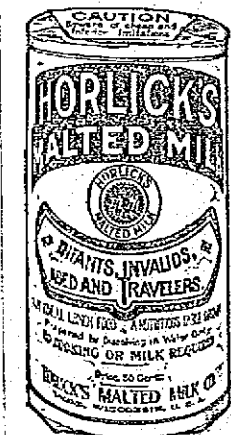

come hundreds of dancers, young and old, while other sections of the city are expected to be correspondingly well represented. The management aims to conduct the best amusement resort of its kind to be found anywhere in the east. Only refined dancing will be contemplated, and the closest attention will be given to the comfort of every patron.

Between dances, the promenade will be occupied, and here chairs and settees will be placed for the use of Kasino patrons. The capacity of the promenade, like that of the dance hall, will be ample for the crowds that resort to the Kasino.

TALKS ON CITY PLANNING AT BOSTON CONFERENCE

"Paying the Bills for City Improvements the Subject Discussed Today"

BOSTON, May 28.—Discussion of engineering in Harvard university, city planning in all its phases was continued today by delegates from many states at the fourth national conference of city planning here. The topic for the session was "Paying the bills for city improvements" with papers by Nelson P. Lewis, chief engineer of the board of estimates and apportionment of New York city, and James A. Gallivan of the Boston street commission. The papers and following discussion considered a more equitable distribution of the cost of public improvements. Lawson Purdy, president of the department of taxes and assessments of New York city, presided.

At yesterday afternoon's session Frederick Law Olmstead, fellow of the American Society of Landscape Architects of New York, spoke of the work of city departments in city planning. He said:

"By far the most important of the many kinds of activities that may properly be considered under the head of city planning, because of the number of cities covered, is that of the regular and often long established bureaus or departments coming under the control of the executive departments of the cities."

"In some places the creative spasms are frequent enough to give a semblance of continuity and comprehensiveness to the planning and to achieve some notable results, but in principle the machinery is like an explosive engine without a flywheel."

"The results are to be seen in the notable increase of practical and artistic efficiency in the school buildings of large cities of recent years, notably here in Boston."

"We need here, in the Boston district, a central, continuously acting co-ordination force, to make our city planning what it ought to be, and it is a most discouraging thing to contemplate the defeat of the metropolitan plan commission bill in the present legislature."

The second speaker was Arnold W. Brunner, fellow of the American Institute of Architects of New York.

"The first impression we must overcome," he said, "is that the city is to be turned over to a number of artists who intend in some vague way to make it beautiful. City planning means the rational treatment of a city to promote the convenience and health of its citizens. A city plan will not be ruinously expensive and plunge the city into debt. It simply means the exercise of such prudence and foresight as are necessary to see the success of any business enterprise."

"There is no doubt that the unregulated growth of a city is most wasteful, and that improvidence and lack of foresight are our pet forms of extravagance. An explanation of this appears strongly to the public, who will also be interested to know how properly values are increased by good planning, and, generally, that civic art is a real asset, not an imaginary one."

BOY HIGHWAYMAN HELD UP AUTO AND MADE MEN GIVE UP MONEY

MILFORD, Mass., May 27.—Charles Franklin Gasser, aged 26, son of Charles A. Gasser of Mendon, was arrested yesterday afternoon charged with highway robbery in Hopkdale.

When taken into custody he gave his name as Walter Burns of South Framingham, but later admitted his identity when confronted by clerks employed in the store of H. L. Patrick in Hopkdale and made a confession.

Gasser is charged with holding up a party of lumbermen in an auto about 2:20 yesterday afternoon on the south side of Mendon hill, on the Mendon-Hopkdale highway and at the point of a revolver compelling them to drop their money and valuables on the road.

As none of the party had weapons and as the auto had been stopped by a fence wall across the road, they did as Burns dictated. In the auto were Walter Thompson, Samuel Shneider and Max Crowman, all of Providence, the first named acting chauffeur, while the others, owners of a lot being cleared of timber, were on the rear seat.

MAN WAS CHOKED WHILE TRYING TO SWALLOW PIECE OF MEAT

SPRINGFIELD, May 28.—Edgar A. Green, aged 40, of 61 Fountain street, Holyoke, choked to death in a cafe on Sanford street. He was taken to the Mercy hospital, but died before reaching there.

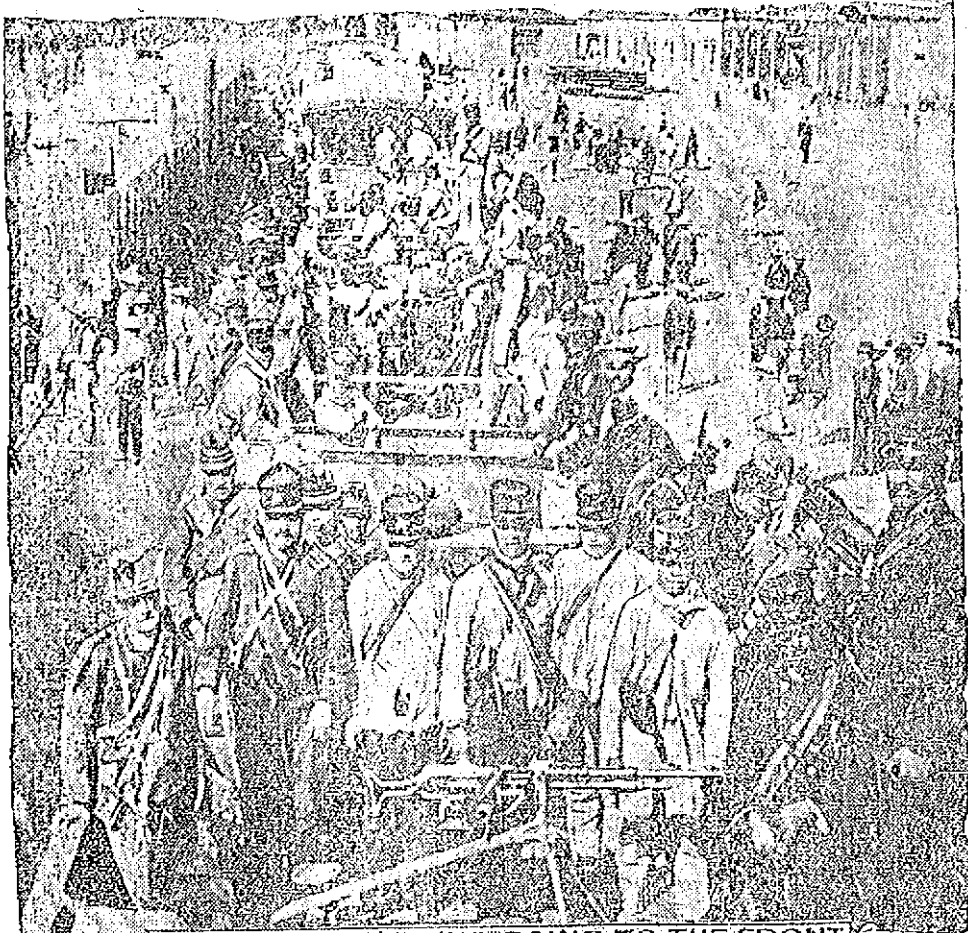

Medical Examiner S. J. Russell viewed the body and pronounced death due to swallowing too large a piece of meat. Mr. Green leaves a wife and four children in Holyoke.

Roosevelt Has Three Men Who Will Suit Him as Chairman

CHICAGO, May 28.—Senator Ellhu Root, who has been recommended by the sub-committee on arrangements as temporary chairman of the republican convention, will not have that honor if Colonel Roosevelt can prevent it. Mr. Roosevelt is understood to be willing that Senator Moses E. Clapp of Minnesota, Governor Herbert S. Hadley of Missouri or Governor Hiram W. Johnson of California should serve. He has also selected Governor Johnson as the man to extend his nomination in the convention.

Success of Mexican Federal Troops Forces Rebels to Move Northward to Chihuahua

MEXICAN REGULARS GOING TO THE FRONT

CITY OF MEXICO, May 28.—The success of the federal troops has caused the rebels to move northward, and they are now concentrating at Chihuahua. There is a rumor that they are gathering there to consider a peace proposal made by the national government, and one story is that congress is to ask President Madero to resign soon, so that Francisco de la Barra can succeed him. Federal officials deny these rumors and say that the campaign against Orozco will be carried on vigorously. They say that the movement of federal troops has been delayed by the tearing up of railroads, but that as soon as the track is repaired so that the men can go forward by train instead of marching the forward movement will be resumed.

SPANISH WAR VETERANS Complete Memorial Day Arrangements

The General Adelbert Ames camp, United Spanish War Veterans, has perfected arrangements for Memorial day. Commander Frank Hotchkiss has issued the following general orders:

1. The graves of all comrades in the various cemeteries will be decorated in the morning of Memorial day by the committee on decorating, flowers and flags. Senior Vice Commander Gilbert W. Hunt, chairman.
2. Relatives of deceased comrades, or others desiring information as to the time of decorating, or desiring to have flowers placed by the committee, should communicate with the chairman by telephone.
3. Services at Graves
1. Inasmuch as Memorial day has an especial significance for this camp this year, in that three comrades have been taken from among us since the beginning of the year, it is desired that as many comrades as possible turn out as a mark of honor and respect to the memory of Past Commander Edwin N. Nowlan, Past Commander George E. Sutherland and Comrade Charles T. Somers.
2. All Spanish War Veterans intending to take part in the march to the cemeteries will assemble at Memorial hall, Memorial building, Merrimack street, at 1 o'clock p. m. Formation will be taken at 1:30 p. m., and the column will immediately take up the march. The command will be reviewed by his honor the mayor and the municipal council at city hall. Proceeding to St. Patrick's cemetery, services will be held at the grave of our late comrade Charles T. Somers. On the completion of the ceremonies at that place the Edison cemetery will be visited, where the full ritual of the United Spanish War Veterans will be conducted at the grave of Past Commander George E. Sutherland.
3. The escort made up of members of Companies C, G, H, 6th regiment, M. V. M., and Company M, 9th regiment, M. V. M., will be commanded by Lieut. Thomas W. Dole. A firing squad from Company G, 6th regiment, will fire the volleys over the graves.
4. Grand Army Parade
1. Ceremonies completed at the cemeteries, the command will proceed direct to the South common to participate in the parade of the posts of the Grand Army of the Republic, acting as the official escort at the request of the chief marshal.
2. After passing in review, and the main body being disbanded, the command will at once march to Odd Fellows hall, Middlesex street, for the banquet.
3. Banquet
1. The banquet will be furnished by the banquet committee, who will have full charge of all arrangements, and who will make provision for the entertainment of all guests.
2. Following the banquet there will be addresses by prominent speakers, musical selections and readings. Major General Adelbert Ames, for whom the camp is named, has been invited to attend and address the comrades, and also Hon. Butler Ames, Brig. General Philip Reade, U. S. V., Brig. General Gardner W. Pearson, the adjutant general, and chief of staff, M. V. M., Commissioner Lawrence Cummings, Commissioner George H. Brown, Edward B. Peirce and Arthur F. Salmon.

In General

1. All provisions of this order, of whatever nature, will be strictly adhered to, subject, however, to unforeseen circumstances causing change.
2. The Cadet band will report at the state armory in ample time to accompany the military escort to the place of assembly.
3. All Spanish War Veterans, whether members of General Ames camp or not, are invited to turn out in the parade and to attend the banquet. No veteran who does not turn out in the parade will be admitted to the banquet, except under special orders of the camp commander.
4. The Mendelssohn male quartet will report at the cemeteries in time to render appropriate selections at the graves.
5. The uniform of the day will be regulation U. S. W. V. uniform for all comrades having it, the uniform of previous service of the veteran, or civilian clothes with white gloves. White gloves may be purchased from the quartermaster at the hall.
6. Comrades receiving this order incorrectly addressed are requested to notify the adjutant of their correct address, whether members of the camp or not.

By order of
Frank Hotchkiss, Commander.
Official:
Roy W. Greenleaf, Adjutant.

A. G. POLLARD CO.'S BIG SALE
Thousands of people attended the great annual silk sale conducted by the A. G. Pollard Co. which, of course, as every lady knows, is a great remnant sale in printed silks and foulards. Thousands of ladies for years past have anticipated this extraordinary sale and when it was announced that it would take place yesterday a larger crowd than ever assembled at the Palmer and Middle street entrances. The store, had it been three times the size in floor space, would hardly be able to accommodate the vast multitude of bargain hunters. The services of every salesman was brought into action in trying to make the most of the prospective purchasers would get injured in the crush which was simply terrific. When it comes to announcing that 50,000 yards of this choice silk, the regular price of which at any store in the city is \$1.00 to \$1.25 per yard, would be placed on the counters at 33c, that is sufficient drawing card to make any prudent housewife forget that it was washing day, and go to Pollard's great silk sale and buy heavily of the wonderful bargains offered. There were several hundred women who earned a bigger day's pay than their husbands were able to earn, by their purchases.

Orders came by postal and letter from all parts of New England. Several thousand postal cards ordering goods were received, for the bargains were greater than ever before, as one could at this silk sale buy a dress pattern for less money than ever. As a representative of The Sun happened to be there in the morning when everything was in full swing, it made him think that really there was no price at all asked for the goods. All that seemed to be necessary was to be able to get within talking distance of the sales clerk. This sale by far eclipses anything that happens during the spring season among our merchants.

The beauty of it is that it is not like the sales where there is a great deal of premises, and very little supplied, but as the Pollard Co. absolutely and exclusively controls the mill ends of three silk manufacturers, they always supply the demand no matter how large or small the order may be. They are not only retailers but wholesalers, thereby being able to have no competitor, so that when you go there to purchase your dress pattern at this wonderful sale you are sure that you will not meet your neighbor who will attempt to give you the laugh by saying that she got something at much less figure. To say the least about the sale it was one great big blow-out and broke all previous records for sales and attendance, and if there is not a large number of the best dressed ladies to be found in this city the coming season it will not be the fault of the A. G. Pollard Co. If you have not been there be sure and go today as there is always an end to good things.

BUTLER STATUE BILL DEFEATED IN SENATE No Salary Raise for Co. Commission

The state senate yesterday afternoon defeated the Butler statue bill by a vote of 12 to 16. Senator Barlow fought hard to get the bill through and lost by a close vote.

The governor's veto of the bill to increase the salaries of county commissioners was sustained in the house today. Rep. Achen of this city strongly opposed this measure to increase salaries, while Rep. Butler favored it.

FUNERALS

FITZFIELD.—The funeral of Edwin F. Fitzfield took place from the home of his son, George E. Fitzfield, 36 Read street, Sunday afternoon and was well attended. Rev. George C. MATRIMONIAL

One of the prettiest weddings of the season took place yesterday at St. Joseph's church, when Mr. Albert Simard, a popular member of the C. M. A. C. and Miss Henriette Calbert, daughter of Mr. and Mrs. Joseph J. Calbert of 105 Fourth avenue were united in the bonds of matrimony. The ceremony was performed at a nuptial mass, celebrated at 7 o'clock by Rev. Fr. Baran, O. M. I.

During the mass Notre Dame de Lourdes sodality choir of which the bride was a member rendered appropriate singing. Miss Yvonne Montmarquet rendered in a delightful manner Millard's "Ave Maria." Mrs. Joseph A. Bernard presiding at the organ.

The bride was neatly attired in white messaline trimmed with Baby Irish lace and carried a large bouquet of carnations. She was attended by her father, Mr. Joseph Calbert, while the bridegroom was led to the altar by his father, Mr. Mederic Simard. After the ceremony the party repaired to the home of the bridegroom's parents, Mr. and Mrs. Mederic Simard, 22 Gershon avenue, where a dainty wedding dinner was served to the immediate relatives. Later a reception was held at the home of the bride's parents, 105 Fourth avenue.

The happy couple will leave on the 8:10 o'clock train tonight for Montreal, Que., where they will spend their honeymoon. They will be accompanied by the bride's parents and will return in a month, at which time they will make their home at 105 Fourth avenue. They have received numerous costly presents from their many friends.

COUTU-LEBOEUF

The marriage of Mr. Joseph Eugene Coutu and Miss Marie Alma Leboeuf, two well known young people of this city, was solemnized yesterday at St. Jean Baptiste church by Rev. Antoine Amyot, O. M. I. The ceremony being performed at a nuptial mass celebrated at 7 o'clock. The witnesses were Messrs. Joseph and Andre Coutu. A wedding breakfast was served at the home of the bridegroom's parents, 230 Webster street, where a reception will be held this evening.

An alarm from box 325 at 10:15 o'clock this morning was for a slight blaze in a wood box in the rear of a stove in a house in Fenwick street. The fire was extinguished before any damage was done.

OUTRAGEOUS TARIFF ON IRON AND STEEL

Complaints from various parts of the country make it clear that the greatest robbery under the tariff law is not practised under the provisions of Schedule K which places a prohibitive tariff on woollens, but under Schedule C imposing an enormous tariff upon iron and steel.

This tariff brings the government practically no revenue because there is very little iron imported and the removal of the tariff, it is believed, would make very little difference. The tariff upon ordinary iron in pigs is \$2.50 per ton while the tariff on boiler plate averages about 20 per cent. ad valorem or one-fifth of the estimated value. Thus where the value of the iron is over three cents a pound the tariff is six-tenths of a cent per pound or \$12 per ton.

It is no wonder the Steel Trust has been able to swindle the people of this country and even the government extorting hundreds of millions of dollars annually without any return whatever under this special license to plunder the people.

Is it any wonder that the building operations of the country are placed under an embargo with the people robbed by the Steel Trust on the one side and the Lumber Trust on the other?

If the government were deriving a large revenue from these outrageous imports there might be some excuse for their retention; but there is practically no importation of steel from other countries, and it is not believed that there would be any worth considering if the tariff were removed. Why then should the government give its continued sanction to this system of plundering the people?

It was as the beneficiary of this enormous privilege that Carnegie made his immense millions, and after him Schwab and the other magnates came into control of this great source of wealth.

The inequities of Schedule K are plainly insignificant compared to those of Schedule C, dealing with iron and steel in all their forms. The democratic house recently passed a bill reducing the tariff on iron and steel, but the senate refused to countenance it despite the fact that no single argument has been offered in favor of the present tariff.

Senator Cummins in supporting the bill said:

"More ill gotten gain is traceable to the metal schedule or to the industries involved in the metal schedule than in any other schedule of the tariff. We have heard a great deal about Schedule K in times past. Yet the woollen schedule is a decree of divine justice as compared with the metal schedule."

The same senator said that the producers of iron and steel in the United States could sell their products for \$100,000,000 a year less than they now sell them, without disturbing wages and without costing any man in the United States a day's work.

The producers add the amount of the tariff to the price of their product; but if the tariff were removed the question would come on how to compel them to reduce the price to that extent. "The trust is in a position to maintain the present price even if the tariff were removed as there is little or no competition, and it is doubtful if the competition from abroad would be sufficient to produce the desired effect. It seems that not only is it necessary to remove the tariff, but to break the monopoly of the trust and restore domestic competition."

CLEAR OUT THE OLD SHACKS

Inspector Connor of the building department is doing good work in condemning all the old shacks that are either in danger of collapsing or are else in danger of catching fire and causing the destruction of surrounding property.

Very many streets otherwise respectable are disfigured by unsightly shacks, the removal of which would be suggested to the owners by common decency if nothing else. But it is the habit of some unprogressive owners to let their property lie unprotected for years in order that they may derive as much benefit as possible from the unearned increment derived from the increased value of surrounding property.

Where the buildings are not in strict conformity to the building laws or where they are a menace to the surrounding property they should be promptly condemned and cleared out for the benefit of the community. We notice considerable real estate that has been allowed to fall into a dilapidated condition has been put upon the market of late. It may thus pass into the hands of somebody who will have enterprise enough to keep it in a condition fit for habitation.

WHAT GETTEMY TELLS US

Chief Gettemy of the statistical bureau has discovered that cities do not pay much attention to the law restricting their power to borrow, that they borrow to meet current expenses, that they evade payment of loans by refunding, and that some law is necessary to compel them to meet their loans and other obligations on maturity. All this is known to the general public in every city in the state, but that knowledge is not sufficient to cause the city authorities to do what is right. It is all a matter of applying business principles to the city's business and although there has been much talk about business administrations there has seldom been a fair illustration of their usefulness in our own city. The trouble is that from one cause or another, business men are not often elected to office. The people of Lowell are having their eyes opened by our present financial muddle and it is to be hoped the lesson will be a wholesome one. It has already given us a very unfavorable advertisement throughout the state.

THE CUBAN TROUBLE

The United States has the right to intervene in Cuba to preserve the stability and authority of the government as well as to preserve Cuban independence. There is a revolt in Cuba at the present time and as the interests of Americans there are menaced, President Taft has sent word to President Gomez that he will not intervene but if the interests and safety of Americans require it, the forces will land at short notice and take what action may be deemed necessary to protect American interests.

Seen and Heard

It was Henry Drummond who said: "The only way to be very cheap, and if you can help the poor with a garment of praise it will be better for them than blankets."

Happiness is the choir invisible of the soul.

Remember the blue of heaven is larger than the cloud.

If you can't think of anything else to talk about, you can always fall back on presidential politics and the high cost of living.

A wise wife now and then flatters her husband by asking him to explain the political situation to her, even though she reads the papers and understands it a great deal better than he does.

The statement that J. P. Morgan's art collection has cost him \$200,000,000 will be read with interest by the man who bought two oil paintings once for seven dollars and a half.

It is just as well that the average man cannot see himself as others see him. He wouldn't feel complimented, as a rule.

Economy to some people means not buying anything that they can't get trusted for.

The man who is always talking about everybody else will hardly wait until your back is turned before saying something about you.

Nobody seems to like to have a two-dollar bill, and yet a two-dollar bill is worth twice as much as a one, even though the one may be right fresh from the treasury.

Even when a man tells you that he has quit smoking for good because he has come to the conclusion that the habit is injurious it isn't always safe to offer him a good cigar.

A country doctor, returning from a visit in the small hours of the morning, in the time of the "body snatchers," had to pass a secluded burial ground, in which a deceased patient had been interred the day before. When he reached the wall he saw a horse and rider standing unattended on the road outside. Looking cautiously over the wall, he saw that two men had just buried the corpse. Standing in the shadow of the wall, he saw them bring out the body and place it in a sitting position on the seat of the trap, so that when they drove away, the body, which they had wrapped in a dark cloak, would in the dim light look like a third man, sitting between the other two. They then got over the wall again to fill in the grave. The doctor lifted the body down from the trap, laid it under the wall and seated himself in its place. After a short time the men got over the wall again, threw their spades into the back of the trap, seated themselves one on each side of him, and drove off. Presently one of the men said to the other: "The body seems to be warm still." The other replied: "So it is." Then the corpse said: "Warm! and if you had been where I have been for the past twenty-four hours you would be warm too!" The two men leapt with a yell out of the trap at opposite sides and ran for their lives.

ACHIEVEMENT
It isn't what you talk about that makes you rich and great, it isn't what you dream about that happens while you wait, it isn't what you long for most that the reward comes to you. The only things that count, my son, are just the things you do.

So do not spend your precious time in talking people blind; They do not care to hear you, though they say they do not mind. And do not dream, unless at night, when slumber comes to you, For nothing counts at all, my son, except the things you do.

A RECEPTION

TENDERED MRS. STAFFORD AND HER SON

Mrs. Stafford and her son of Rockdale, England, were tendered a farewell party last Saturday evening at the home of the former's daughter, Mrs. Robert Hanson, 19 Runnels place, on the occasion of their future voyage to England; as they will sail today on the "Laeconia."

A large number of friends had gathered at the above address including many relatives from out-of-town and a most enjoyable evening was spent. Supper was served at 6.30 o'clock followed by a varied musical program. Later dancing was enjoyed and a light luncheon was served. The party broke up at a seasonable hour, the guests wishing Mrs. Stafford and her son bon voyage. Present at the party were Mr. and Mrs. Thomas Hanson and Mrs. R. Taylor and her son.

Off to California

When you want to go to your home town for a summer trip to California, you are in for the most glorious and refreshing vacation you ever could take. When you strike the mountains en route, the best of the sun and when at last you burst through the Sierra Nevada and behold beautiful California, you'll realize that you are living in a different world. Clear skies, exhilarating air, the scent of flowers and finally the rolling, billowing ocean fill up the mind with a treasure house of delight. Health and good cheer abound. I am employed by the Huntington route to help you plan your trip. If you write to me I'll be glad to give you the latest information about the best places to go, and the easiest way to get there. You can go by your choice of either northern or central routes and come back a different way. I'll take all the little details off your mind, engage you a favorite berth, buy your tickets and deliver them to you and make sure that you are comfortable the whole way. Reduced fares start June 1st. It is best to get ready early. Have me send you our fully illustrated booklet telling all about California and the coast country. A postal will bring you a copy. Also Stocks, New England Pass, etc. C. B. & O. R. R. Co., 264 Washington Street, Boston.

BOY WAS DROWNED WHILE FISHING

Lost His Balance and Fell Into Water

Another drowning accident occurred last night when George Richardson, aged 11 years, son of Mr. and Mrs. Joseph Richardson lost his life in Stony brook at Westford shortly after 6 o'clock.

The little fellow, in company with two other boys of his own age, were fishing off the Westford depot, when he lost his balance and fell into the water. The stream at this point is unusually strong and it carried the lad's body beneath the bridge and before help could be summoned he disappeared under the surface. Walter Cutler, one of the other boys, set up a cry for help and J. Herbert Fletcher responded. He jumped into the water but too late to reach the drowning boy. After searching for about 15 minutes, he succeeded in locating the body.

REV. H. J. KILBOURNE

Addressed Christian Endeavor Union

Rev. Henry J. Kilbourne of Malden addressed the Lowell Christian Endeavor Union at its regular monthly meeting and social last night, having for his subject "For the sake of the goal."

He said that every Christian Endeavorer should have an object in life toward which he should bend all his energies, an object worthy of his effort. He said that every young man should set out in early manhood to save enough money to build him a home.

The meeting was held at the First Congregational church and there was a record breaking attendance. At 7 o'clock a very pretty May party was given in the vestry rooms by the Christian Endeavor society of the church and was followed by a short musical, including songs by Mrs. Walter Mussey, and piano duets by Miss Ruth Cornell and Miss Alice Cochran.

Mr. and Mrs. H. J. Ball had charge of the May party. The social committee was composed of the following: Miss Mildred McKnight, chairman; Miss Blanche Atkinson, Miss Winifred Davis, Miss Ethel Putnam, William Liddell, Winfield Hanson, Donald Hanson, Miss Irene Cockleline and Miss Gladys Kimball.

The committee on decorations was composed of Miss Ethel Putnam and Miss Winifred Davis.

The committee in charge of the kitchen was composed of the following: Mrs. E. V. Melvin, Mrs. C. A. Sturges, Mrs. William Liddell, Mrs. L. H. Hartley, Mrs. John Osgood and Mrs. A. S. Richardson.

The waiters were the young men of the society, and were the following: Donald Hanson, Winfield Hanson, William Liddell, Merrill Kimball, Walter Mussey, Merrill Kimball, Roy Mussey, Harold Hettich, Seymour McKnight, A. L. Merritt, James Harrison and H. L. Denham.

BILLERICA

Mrs. John C. Richardson of East Billerica observed the 31st anniversary of her birth several days ago. Many of her relatives and friends were present on the occasion and she was the recipient of many gifts. A reception was held and refreshments were served.

At the annual meeting of the Nineteen Hundred club held at the home of Mrs. Lucella M. Ball, the following officers and committees were elected for the ensuing year:

President, Mrs. Clara E. Sexton; Vice president, Mrs. Anna Holden;

secretary, Mrs. Mary Jacobs; treasurer, Mrs. Mary Eames; executive committee, Mrs. Holden, Mrs. Tyler, Mrs. Preston, Mrs. Alexander, Mrs. Cole, hospitably committee, Mrs. Robinson, Mrs. Baker, Mrs. Bowman, Mrs. Lamprell, Mrs. Livingston, membership committee, Mrs. Greenwood, Miss Wilkins, Mrs. Dickinson.

A slight fire which occurred last night on the property of Jeremiah Sheehan at North Billerica destroyed a small building used as a poultry house by Mr. Sheehan. The North village fire company responded to alarm for this fire at about 9.15. The damage was slight.

Health and Beauty Answers

BY MRS. MAE MARTIN

M. de W.: If you will shampoo occasionally with plain camellia oil you will be delighted on how quickly your dull, brittle, unmanageable hair will become soft and lustrous. Just dissolve a teaspoonful camellia in a cup of hot water and your shampoo is ready. Rub briskly as you pour a little at a time on the head and it will dissolve every atom of dust, dandruff and excess oil. Rinsing leaves hair and scalp tingling, clean and the hair then dries quickly and evenly.

Grace T.: I would not advise taking "patent" medicines. Your "woman's" feeling and lack of appetite indicate a sluggish, poison-laden condition of the blood, and the best and safest thing of which I know is an old-fashioned remedy, made by dissolving 1/2 cupful of pure kerosene in 1 quart of water. Nothing can take the place of this simple kerosene tonic as a body-builder and strength-giver for youth or old age.

Maudie: It would be a shame to hide the beauties of violet blue eyes behind glasses, and I truly believe you can avoid wearing them if you will use this harmless, strengthening eye-tonic. Into a pint of cold, clear water dissolve an ounce crystals, then put 2 or 3 drops in each eye daily. This simple crystal tonic reduces inflammation, overcomes the watery condition, and in weak dull eyes gives strength and brilliancy. A most removing foreign matter and taking out soreness the crystals eye-tonic is unsurpassed.

Mrs. T. S.: Cutting the hairs on the back only encourages them to grow thicker and heavier. Mix a little powdered salicylic acid and water and spread on hairy surface, then after 2 or 3 minutes wash the skin with soap and water. The hair will be left smooth, firm and hairless.

Teas: The nightly application of pyralin to eyebrows with finger-end will encourage a thick, silken growth. Your stubby lashes can be made to grow long and curly if you apply pyralin at last night with abundant oil and forefinger. Use care and don't get any pyralin where no hair is wanted.

C. T.: No woman who prizes her complexion will think of choking the skin's lungs with powder or grease. Creams. Dissolve 1 ounce spumax in 1/2 pint witch hazel (or hot water), then add 2 teaspoonfuls glycerine and you will have a lotion far superior to powder and at a trifling cost. The spumax lotion should be applied sparingly and rubbed lightly until it dries. It is invaluable when on, cleanses the skin of impurities and gives to the complexion a refinement and gentility truly delightful. This does not rub nor blow off and perspiration fails to spot or streak it.

B. L. T.: I frequently advise the use of a quinine hair-tonic because of its very beneficial effects following its use. To prepare it, add 1/2 pint water to 1/2 pint alcohol, then pour in 1 ounce quinine. This is especially fine to banish dandruff and encourage a healthy growth of long, thick, brilliant hair.

Agnes: (1) I appreciate your grateful feeling toward me for suggesting the spumax skin-lotion. (2) Your weight is unusual, but that need not worry you, for reducing it is a simple matter if you use paromita. In 1/2 pint hot water dissolve 1 ounce paromita and when it cools take a tablespoonful before each meal. This is a harmless, inexpensive fat-dissolver, and while it is positive, its action is so gentle that not the slightest inconvenience is experienced. This method leaves the flesh firm and the skin smooth and clear.

M. L.: With the approach of summer it is necessary to safeguard the skin against freckles, tan and sunburn. This can be done by using a simple almozoin cream-jelly on the face, neck and arms before retiring at night, then in the morning applying a spumax lotion (for formula, see answer to C. T.). The almozoin cream-jelly cleanses the skin of pore-dirt, blackheads and other impurities and gives to it a rose tint and velvety softness, at the same time protecting it against the ravages of the sun's rays. To make the almozoin cream-jelly, dissolve 1 ounce almozoin in 1/2 pint cold water, to which is added 2 teaspoonfuls of glycerine.

LEGAL NOTICES
COMMONWEALTH OF MASSACHUSETTS. Middlesex County. Probate Court. To the heirs-at-law, next of kin and all other persons interested in the estate of Catherine Jones, late of Lowell, in said County, deceased:

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate; and John W. McGowan, who prays that letters testamentary may be issued to him, the executor therein named, without giving a surety on official bond, has been appointed and sworn to as such executor; and you are hereby cited to appear at a Probate Court, to be held at Cambridge, in said County of Middlesex, on the fourth day of June, A. D. 1912, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, three successive weeks in "The Lowell Sun," a newspaper published in Lowell, the last publication to be on one day at least, before said Court, and by giving notice by delivering a copy of this citation to each of the persons interested in the estate, seven days at least before said Court.

Witness my hand and the seal of said Court, this twelfth day of May, in the year one thousand nine hundred and twelve.

W. E. ROGERS, Register.

COMMISSIONER'S SALE OF REAL ESTATE.

By virtue of a warrant issued to me by the Probate Court of the County of Middlesex, on the twenty-seventh day of May, A. D. 1912, as commissioner, to make partition of the real estate hereinafter described, and to make sale and conveyance of the same, I will sell at public auction on the premises hereinafter described, to-wit: a certain parcel of land, situated in the town of Lowell, in said County of Middlesex, and being the same premises conveyed to Daniel H. Reynolds, by George F. Pennington by deed dated June 18, 1853, and recorded in said Registry, Book 206, Page 59.

The above described premises will be sold and conveyed subject to all taxes and other liens and assessments for the years 1910, 1911 and the current year 1912. The purchaser of said land shall be bound to pay the same taxes and assessments for the year 1912 as soon as the same are assessed, and the balance of the purchase money shall be paid in delivery of deed at the office of William T. Sheppard, 102 Central street, Lowell, Mass.

THE CUBAN INSURGENTS
ARE BEING HELD IN CHECK
MORE MARINES GOING TO CUBA

HAVANA, May 28.—The Cuban government is still without advice as to any collision between the troops and the negro rebels in the province of Oriente.

It is thought here that it is probable that the troops are conducting themselves for the present to afford protection to the plantations and holding the main body of insurgents

in check. They intend to await the arrival of the strong reinforcements consisting of over 2000 men who were despatched from this city yesterday by sea and land. These will be under the chief command of General Jose J. Montecado. On their arrival a decisive forward movement will be undertaken.

According to official reports absolute tranquillity reigns in all parts of the

island except the province of Oriente.

ORDERED TO CUBA
WAKEFIELD, May 28.—Orders for the two hundred United States marines in camp on the state rifle range here to report at their naval stations for duty in Cuba were received by Lieut. S. S. Lee today. The marines left shortly after noon for the naval stations at Charleston, Brooklyn, Newport and Portsmouth.

COMMISSIONER BARRETT

Orders Weekly Drills in
Fire Department

Because he believes that the average fireman in Lowell is not sufficiently familiar with the apparatus as a whole, Commissioner Barrett, who has charge of the fire department, has instructed his district chiefs to hold weekly fire drills in all the hose, ladder and steamer companies. "It ought not to be necessary for me to instruct the firemen to take weekly drills. They should do it without being told. Every fireman, in order to be of service in case of fire should be familiar with each and every piece of apparatus and should know how to handle it. Some of them don't know how to climb a ladder and these weekly drills should have been going on right along."

More Automobiles
Commissioner Barrett allows that he will be able to save enough on department expenses to pay for at least one automobile, a combination hose and chemical. "I am going to buy two automobiles, runabouts, for the district chiefs and one and possibly two combination hose and chemicals. I am going to pay for them out of my regular appropriation, too, for I do not believe in borrowing money to buy automobiles. A man wouldn't do it in his own private business and there is no reason why a municipality should do it."

Firemen Laid Off
Charles Brown, a regular, and James Fowler, a call fireman, and both stationed at the Pawtucketville fire house have been laid off by Commissioner Barrett. "There is nothing for them to do at the present time, and I laid them off until there is something for them to do. The Pawtucketville steamer is being repaired and there will be no work for Brown and Fowler until the engine has been put in working order. I have a lot of changes in mind and when I get to them I will let you know."

THE DEFENDANT WON

Verdict For Bay State
St. Railway Co.

In the case of Charles T. Douglass vs. Bay State Street Railway Co., an action of tort for alleged damage to the automobile of the plaintiff in a collision which occurred in Branch street on Sept. 27, 1911, which was started in superior court yesterday, the jury this morning reported a verdict for the defendant company. The ad damnum was \$3000.

The next case to be called was that of Raymond vs. the city of Somerville, an action of tort or contract, the ad damnum being \$10,000. In his declaration the plaintiff alleges that he had a contract with the city of Somerville for the use of the city's incinerator at a monthly fee of \$112.50. He also alleges that the incinerator was destroyed by fire on June 15, 1910 on account of the city's failure to keep the plant in proper shape, and declares the burning of the building has practically crippled his business.

In the jury waived session of the superior court this morning the case of James S. Hastings against Stanley, an action of tort or contract, which was started yesterday morning was resumed before Judge Keating.

The strong wind that blew across Spaulding park this afternoon made necessary the adoption of special ground rules. The disturbed conditions likewise limited the attendance to about 200, for while the sun shone brightly yet the stiff wind and the clouds of dust dampened the ardor of a large number of the fans who otherwise would have been on hand. Wolfgang was picked by Manager Gray to bring home the bacon and Monahan was behind the bat, as Lavigne has not yet recovered. Pratt, the Haverhill catcher, took Campbell's place at second, while Perkins went behind the bat and Kessler was in the pitcher's box. Umpire Lanigan handled the indicator.

The lineup:
Lowell
Clemens, cf
Hage, cf
De Groat, 2b
Conney, ss
Bouttes, 3b
Miller, 1b
Loneragan, 2b
Monahan, c
Wolfgang, p
Haverhill
Pratt, cf
Courtney, 1b
Reynolds, 2b
Matthews, ss
Young, 3b
McGammell, 1b
De Groat, 2b
Perkins, c
Kessler, p

First Inning
For Haverhill, Courtney went out, Bouttes to Miller. Reynolds struck out. Matthews drove a pretty single to left field and was caught trying to steal second.
Clemens drew a free pass. Magee hit to Kessler who fumbled and both men were safe. De Groat struck out. Conney fouled to Cross and Bouttes fled to Young.

Second Inning
In the first part of the second inning Young hit to Wolfgang and died at first. Cross hit to Bouttes and was second out at first and McGammell hit to Conney and was the third out at first.

Third Inning
Pratt fanned the breezes and Perkins followed with a single to left. Kessler struck out and Perkins later stole second. Courtney fled to Bouttes. Lowell jumped on Kessler with both feet in the latter half of the inning and when the smoke of the battle had cleared away six of the Lowell players had crossed the plate. Clemens was the first man to approach the plate and beat it out for a hit. Magee followed with a single over second and Clemens went to third, and Magee went to second on the throw to third. De Groat singled to left field and Clemens scored. Courtney followed with a single to left and Magee and De Groat scored and Conney went to second. Bouttes fled to Matthews and Conney traveled to third. Courtney scored on a wild pitch. Miller singled over second and then started to steal second and when the ball was thrown to Pratt the latter fumbled and Miller went to third. Loneragan singled to center field and Miller came home. Monahan hit to Kessler and died at first. Wolfgang hit one too hot for Cross to handle and Loneragan scored. Clemens came up for the second time during the inning but he sent a line drive to Kessler and was out.

Fourth Inning
The fourth inning was a short one. Reynolds hit to Conney and was out at first. Matthews followed with a

foul fly to Bouttes and Young hit to Bouttes and was out at first.
In Lowell's half Magee fouled to Perkins who made a beautiful catch. Perkins in running for the ball fell to the ground but he managed to hold on to the sphere. De Groat hit to Matthews and was out at first. Conney hit to Kessler and was also out at first.
Score—Lowell 6, Haverhill 0.

Fifth Inning
Neither side scored in the fifth inning. Cross singled to left and McGammell hit to Loneragan and was out at first. Pratt hit to Conney, who threw to Bouttes and Cross was doubled between second and third and Pratt doubled between first and second. Conney, Bouttes, Loneragan and Miller taking part in the double play. Bouttes hit to deep center field for a three-bagger but in trying to make a home run he was thrown out at the plate. Miller fouled to Cross. Loneragan made his third hit, a nice line drive over center field and later stole second. The catcher threw hard to get him and he went to third. Monahan hit to Kessler and was out at first.
Score—Lowell 6, Haverhill 0.

Sixth Inning
Haverhill scored one run in the sixth. Perkins hit to Bouttes and was out at first. Kessler struck out for the second time and it looked as though it was going to be a case of one, two, three, but Courtney singled for a second time. Reynolds hit over Clemens head for a three bagger and Courtney scored. Matthews hit to Bouttes and was out at first.

The home team scored two runs in the latter half of the inning. Wolfgang opened with a single to left and went to second on Clemens' sacrifice. Magee then fled to Courtney. De Groat sent the ball into right field for a two bagger and Wolfgang scored. On the throw to the plate De Groat continued to whirl around the bases and came home on a bad throw. Conney

closed the inning going out Cross to first.
Score—Lowell 8, Haverhill 1.

Seventh Inning
In the seventh inning Young and Cross hit to Conney and were out at first. McGammell fouled to Miller. Lowell scored another run in the latter half of the inning. Bouttes started off with a three-bagger to deep center field and Miller then followed with a two-bagger to left and Bouttes scored. Loneragan hit to Matthews and died at first. Miller going to third. Monahan hit a line drive to Young who threw to Cross getting Miller for a double play.

Eighth Inning
Pratt hit to Bouttes and was out at first. Perkins singled to left field. Kessler singled to center and Clemens let the ball go by him and Perkins scored and Kessler went to third. Courtney struck out. Reynolds fled to Clemens who made a fine running catch into the diamond.

Wolfgang hit to Cross and was out at first. Clemens hit to Matthews and was out at first. Magee hit to Young and was out at first.

Ninth Inning
Matthews fled to Magee. Young went out, Bouttes to Miller. Cross singled to left field. McGammell for the first time this year hit the ball in the outfield and gets \$50. Cross scored. Pratt struck out.

FEE FOR POLE LOCATIONS
IS THE LATEST SUGGESTION

Municipal Council Defers Action
On the Matter Until the
Meeting On June 11

The municipal council meeting scheduled for two o'clock this afternoon did not convene until 2:30 o'clock, the mayor having been delayed on special business. The commissioners were all present with the exception of Com. Barrett, who arrived later.

A petition from Herman P. Decatur to keep gasoline at four of 24 Norcross street was taken up. There was no remonstrant but action was deferred until next meeting.

A petition from the N. E. T. & T. Co. for locations for three poles was referred to the committee on streets and highways. Another for a pole location by the same company on Pawtucket street, was also referred to the same committee. O. A. Hall representing Miss Martin A. Gage appeared as a remonstrant and said the latter owned considerable property in that district and she is opposed to any more poles being erected in that vicinity for the reason that there are 24 trees and 12 poles already there.

Mr. Johnson who appeared for the company said the poles on the street were the property of the Bay State Street Railway Co. and could not serve for their purpose.

Another petition by the same company for four poles in Epping street was also referred to the committee.

Dr. Boyden Pillsbury petitioned to keep gasoline at 267 Nesmith street. The petition was referred to the committee on public safety for a hearing on Tuesday, June 15 at 2 p. m.

Another petition by F. B. Shedd was also laid on the table until a hearing has been held, as well as that of E. W. Truworth.

Rugene G. Russell petitioned to keep and sell gasoline, and this was referred to the hearing on June 15th.

The petition of W. B. Coburn that Barker street be accepted, was referred to the commissioner of streets and highways.

Thomas Bushman and others petitioned that an electric light be placed in Middlesex street. It was referred to the commissioner of streets and highways. Ellen P. Murphy petitioned for an abatement of sewer assessment on Meadowcroft street and it was referred to the mayor, commissioner of streets and highways and city solicitor.

The Lowell Electric Light Corp. petitioned to attach wires to poles of the N. E. T. & T. Co. on Middlesex, Pawtucket, Broadway, Lewis and other streets, was referred to the commissioner of streets and highways.

The Lowell Electric Light Corp. petitioned to attach wires to the poles

of the N. E. T. & T. Co. in Thorn-dike street opposite Summer street.

The petition was granted with a temporary grant.

The order recommending a relocation of pole in Cambridge street for the Lowell Electric Light Corp. was adopted.

The order recommending attachment of wires of the L. E. T. Corp. on poles owned by the N. E. T. & T. Co. in Western avenue, was adopted.

A communication from the civil engineer relative to the distance between Mr. Steadman's house on Wentworth avenue to the telephone pole in Rogers street as asked by Commissioner Barrett was read.

Another communication from the engineer relative to the money expended on the Market street bridge in 1911 was to the effect that \$1501.57 had been spent.

On motion of Commissioner Cummings it was voted to decorate city hall and Memorial building for Memorial day at an expense not to exceed \$15, the same to be paid out of the commissioner's fund.

An ordinance authorizing the municipal council of the city of Lowell to fix a compensatory charge or fee for pole locations and wire attachments for the stringing of wires was read and action was deferred to June 11. The fee mentioned in the ordinance is \$5 per year for each pole, and for wire attachments the minimum fee shall be not less than one dollar per attachment per year.

At 4 o'clock the council adjourned to Tuesday at 2 p. m.

MANDAMUS WRIT

HEARING ON PETITION OF GEO. C. EVANS TO BE HELD FRIDAY

A hearing on the writ of mandamus brought by George C. Evans, who was succeeded in the board of registrars of voters by James H. Rooney, will be held in the supreme court at Boston on Friday morning, at 9:30 o'clock. Counsel for Mr. Evans claims that the election of Mr. Rooney was illegal and that they will ask that he be not allowed to act on the board of registrars of voters and that Mr. Evans be recognized as a member of the board by the municipal council and Messrs. Allard, McKosker and Flinn of the board of registrars of voters.

WOMAN INJURED

DRIVER OF HORSE PLACED UNDER ARREST

Miss Elizabeth Heatherman, a woman about 35 years old, was run over by a demoralized wagon at the corner of Paige and Bridge streets, this noon.

It is understood that the wagon was being driven at a fast clip while the woman was crossing the street and before the driver could stop the horse the wagon had gone over the woman.

The team belongs to D. D. Smith, the Centralville fish dealer, and was driven by Robert Hird. The ambulance was summoned and the woman was removed to the hospital.

Later the man was placed under arrest by Officer Phil Murphy.

REACHES LOWELL

He Tells An Interesting
Story of Disaster

Gustavus Weinberg, who claims to be a genuine survivor of the Titanic, struck town a few days ago and he tells quite an interesting story of the disaster. Gustavus says he was a fourth engineer on the Titanic, that he was one of two men to man a boat in which there were more than 50 women; that there had been a high tide aboard the ship on the night of the accident and that he was a little bit "grogy" himself when he got into lifeboat number three to assist one other man in caring for the welfare and safety of more than half a hundred women.

Gustavus doesn't talk very good English but he is very positive in his statements; such as they are. He says there are a whole lot of people going about the country posing as survivors of the Titanic who never saw the boat. He has in his possession a pipe, which he says was given him in Washington by Mrs. Astor. "This fine rich woman gave every man that work on board that ship and who was saved, a pipe," said Gustavus. "If any man who says he was on that boat as steward, cook, fireman, engineer or anything else, hasn't got a pipe like this one, then he's not the truth. The lady gave to every man the pipe and I won't take \$1000 for this pipe."

CHILD SWIMMER

WILL NOT ATTEMPT FEAT
PLANNED FOR THURSDAY

Little Arthur Remillard, son of Mr. and Mrs. Arthur Remillard of Worthen street, aged two years, who was scheduled to swim across Lake Massacupple from Mountain to Willow Dale next Thursday, will not go through the feat, as the father was advised by expert physicians that such a long swim may injure the boy.

The little fellow is noted for his long swims and the more he is in the water the better he likes it. Some time ago he swam across the Merrimack river and, caught cold, but now he has fully recovered and his father was training him for the swim across Lake Massacupple. However, after being advised not to do it, he changed his mind and now the little swimmer has to confine himself to the bath tub, much to his dislike.

MAN FINED \$12

FOR USING HORSE WITH GALLED
NECK AND SHOULDER

Andrew J. Little of Tyngsboro was arraigned in police court this afternoon and fined \$12 for using a horse with galled neck and shoulder.

The case was discovered by Assistant Agent Gilmore of the Lowell Humane society, who reported to Agent Richardson. The latter went to Tyngsboro and there found the horse with five large sores on the neck and shoulders, dragging stones along the road. A warrant was sworn out and Little was arraigned in court. He entered a plea of guilty and the above fine was imposed.

Mr. and Mrs. E. T. Murphy and family of 175 Baldwin street, left last evening for Calgary, Alberta, where they will spend the summer. Mr. Murphy has acquired considerable real estate holdings in Calgary and has reason to believe that the west is a good place to make money. He is a brother of William F. Murphy of Adams & Murphy, real estate agents.

80 PERSONS WERE KILLED
BY EXPLOSION IN THEATRE

Many Others Were Injured and
Some of Them Are
Dying

CASTELLON DE LA PALMA, Spain, May 28.—The cinematograph explosion which last evening caused the death of 80 persons in a moving picture theatre in the little city of Villa Real was even more terrible than first reported. The theatre was burned and very few of the audience escaped without injury from fire or from crushing in the panic. A large number of the injured are dying. Virtually every family in the vicinity is affected.

The cinematograph was installed in a small hall formerly used as a shop. There was only one opening to the building which was used both as an entrance and exit and at the side of this the projection apparatus was unattended. The film took fire in an unexplained manner. A tongue of flame shot out into the hall, in which were seated about 150 people.

There was immediately a mad rush to the exit which soon became choked with struggling and shrieking men, women and children.

SENATOR W. A. SMITH
CONDEMNS CAPTAIN

Of Steamer California
in Strong Speech

WASHINGTON, May 28.—The Titanic disaster of April 15 in which 1517 souls went down amid icebergs off the banks of New Foundland was the theme of speech, report and proposed legislation in the senate today.

Senator William Alden Smith of Michigan submitted the report of the investigation by the senate commerce committee, a feature of which was the condemnation of the captain of the steamer Californian for not going to the aid of the sinking vessel. He delivered a speech in which he personally took much stronger ground in reviewing the disaster and introduced measures to safeguard life in ocean traffic.

Senator Smith proposed in two bills a thorough regulation of navigation by steam vessels along lines taught by the disaster, proposed enacting into law a variety of rules and regulations and embodied in the measures the numerous recommendations for safety made in the official report of the committee.

Cartridge

CAMBRIDGE, May 28.—A cartridge, believed to have been left on a shelf by a former tenant, was accidentally exploded today by two and a half year old Edmund D. Dickey, injuring the boy so badly that he died on the way to the Cambridge hospital. The child was the son of Thomas Dickey, who arrived from England with his family less than three weeks ago.

BUTTS IS SENTENCED TO STATE PRISON

Man Guilty of Manslaughter Gets
From 14 to 16 Years—
He Killed a Man

BOSTON May 26.—Henry H. Butts, the negro guard of Clarence V. T. Richeson while the latter was at the Charles street jail, was sentenced to state prison for a term of 14 to 16 years by Judge Crosby in superior criminal court yesterday, for manslaughter in killing Robert Williamson, colored. He was indicted for murder in the first degree. A plea of guilty to manslaughter was accepted by the government some time ago.

Joseph A. Dennison, counsel for defendant, urged the court to deal mercifully with him, saying Williamson had been paying attentions to Butts' wife and the defendant had led an exemplary life.

Dist. Atty. Pelletier said consideration had been shown to the defendant when a plea of manslaughter was accepted. He called the court's attention to the fact that Williamson had been shot in the back three times and that the defendant had carried a revolver some time. In view of the unfaithfulness of his wife the government felt that a plea of manslaughter would be advisable, the district attorney doubt-

ing whether a jury would convict on the indictment under all the circumstances. He suggested a sentence of 15 to 20 years.

The judge took into consideration the good life that accused had led and the services he rendered to the county in attending Richeson. However, his honor said, Butts was fortunate the government accepted a plea to manslaughter, because at a trial, in his opinion, a jury would have been warranted in finding on the evidence that the defendant was guilty of murder in the second degree.

The crime occurred in Shawmut avenue. Dist. Atty. Pelletier was passing on a car when the defendant shot Williamson. Butts calmly remained at the scene of the shooting until an officer arrived to arrest him.

DEATHS

PILLSBURY—Deacon George Pillsbury, aged 85 years, died yesterday morning at his late home, Pleasant street, Tewksbury. Deceased enjoyed the best of health until Saturday morning when he took sick and passed away two days later.

He was born in Boscawen, N. H., his father being General Moody A. Pillsbury and his mother, sister to General John A. Dix. Deacon Pillsbury went to Tewksbury over 60 years ago to teach in the public schools, and 60 years ago he was married to a Tewksbury girl, Miss Lydia A. Marshall, who survives him as do five of the six children which were born to them. He was chosen deacon of the Centre Congregational church, Sept. 22, 1887, and was at the time of his death senior deacon of the church. He was a man much respected and loved for his sterling character and kindly, genial spirit of willing helpfulness. As the oldest resident in town he was the possessor of the gold headed cane which the Boston Post presented to him a short time ago and which will be now transmitted to the oldest man living, which is thought to be Mr. Joel Mace.

MUNSON—Mrs. Adeline Munson, aged 62 years, wife of John Munson, died last night at her home, 112 South Loring street. She is survived by her husband and two sons, Ellsworth Munson of this city and B. W. Corlew of Boyce Springs, Cal.

NATURE'S FOOD-MEDICINE.
There is nothing in the world more beneficial to you, whether you are sick and want to get well and strong again, or if well to stay well, than pure olive oil. Physicians today are recommending Pompeian Olive Oil, because of its purity, to thousands of patients, and so wide is its beneficial effect, that it may be referred to as a panacea for nearly all ills. In nearly every case, it accomplishes what is expected of it, and in this way it could almost be referred to as a specific.

Pompeian Olive Oil is a food without equal. It builds up the tissues, enriches the blood and restores strength. It is a medicine because it aids digestion, relieves and prevents constipation and strengthens the body to throw off disease. Being easy to digest it is of the greatest value to people suffering with weak stomach.

The very best results from Pompeian Olive Oil are obtained when it is taken regularly with each meal, either plain or over salads or foods. It is most palatable even to those who never used olive oil and who think it has a greasy, unpleasant taste. Pompeian Olive Oil has a sweet, nutty flavor, not to be found in any other kind. This is due to the fact that Pompeian is from the first pressing of hand picked Italian olives and is not chemically treated.

Pompeian Olive Oil is sold by druggists and grocers. Full one-half pint cans, 25 cents; full pint cans, 50 cents; full quart cans, 90 cents.

IS IT WORTH YOUR WHILE?

THINK IT OVER

The last item, \$52.60 saved on one purchase means a good deal to that family—Many things can be bought for \$52.60. And the majority of people in Lowell have to work a good many days to earn \$52.60.

After all the advertising we have given this sale, it seems strange that we should have one piece of furniture or a yard of carpeting or art square left in stock. While we have sold over \$15,000 worth, we have altogether too much left, especially if we have to move out again before our own store on Hurd Street is ready.

The same price tags are on the goods. All plain figures. You can see what you save on every article. If you don't buy your furniture here and now, you are cheating your pocketbook.

POLICE BALL GAME

The Lowell and Revere police baseball teams met at Washington park, at noon today and for more than three hours, which seemed like ages, they battled for supremacy.

At the time of going to press this afternoon the visitors were at bat and the score was a tie, nine to nine, and

there was a considerable delay owing to the fact that almost a score of balls were fouled over the left field fence into the canal. Some of the spheres were recovered but there were many which were lost.

COMMITTEE ON CITIES

Favor Letting Lowell Borrow \$150,000

The committee on cities filed its report on the petition of the city of Lowell to borrow \$300,000 beyond its debt limit in the senate this afternoon and the committee recommends that the city be allowed to borrow \$150,000 instead of \$300,000. Senator Barlow said this afternoon that if the amount recommended by the committee was not satisfactory to Lowell he would try to have it amended.

TEXTILE SCHOOL BILL

Governor Foss has vetoed the Lowell Textile School bill but it has become a law despite his veto because of the lateness of it. The bill was vetoed by the governor yesterday afternoon after having laid in his office for five days and it was not filed at the clerk's office until this morning. After a bill has remained in the governor's office for five days it becomes a law without his signature and that seems to be the case of the bill in question. The bill calls for a total of \$83,000 for the maintenance of improvements at the Lowell Textile school.

FIRE DEPARTMENT EXPENSES

While the total expenses of the fire department for the first four months of 1912 show an increase over last year of \$870.41, the fire department expenses for these months, January, February, March and April amounted to \$6,690.50 in 1912 as against \$10,637.50 in 1911.

It is the pay roll that shows the increase, \$49,893.76 for 1912 as against \$45,616.35 for 1911, and this increase

is due to the increase in pay of 25 cents a day for firemen which went into effect on July 1, 1911. The saving in the fire department expenses for the first four months of the year is very commendable and comparative figures after July 1, will undoubtedly show a big saving in total expenses over last year as after that date the wages for both years will be reckoned on an equal basis.

VOTING IN NEW JERSEY IS QUITE LIVELY TODAY

Opponents of Gov. Wilson Expect to Elect "Uninstructed" Delegates

NEWARK, N. J., May 28.—More than half a million voters in New Jersey today have their opportunity to influence the selection of presidential candidates next month at Chicago and Baltimore. The campaign for primary votes in this state has been waged with vigor and the result will carry the weight attached to the last state primary verdict upon personal campaigns of the presidential candidates.

Superb weather prevailed throughout the state during the morning. The voting hours of 1 to 9 a. m. have been set for the special convenience of the commuter population and the heaviest vote is expected the last three hours the polls are open.

The opponents of Gov. Wilson are confident of electing "uninstructed" delegates in this city.

Twenty-eight delegates will be chosen today, four at large and two from each of the twelve congressional districts. In addition the ballots have a place for a direct presidential vote.

MONTHLY REUNION

OF THE PUPILS OF ST. JOSEPH'S COLLEGE

The monthly reunion of the pupils of St. Joseph's college was held yesterday afternoon in the college hall with a large attendance of parents and priests. A delightful entertainment program was carried out in a very satisfactory manner followed by an address by Rev. Joseph Lefebvre, O. M. I. The program was as follows:

Chorus, "Let's Start," by the college orchestra; violin duet, "Waves of the Ocean," by Omer Lincoy and Andre Gagnon, accompanied on the piano by Mrs. J. A. Bernard; violin solo, "Fantaisie Espagnole," by Ernest Lefebvre, accompanied by Mrs. J. A. Bernard on the piano; "Saynete Militaire," by Alfred Dubois and Arthur Salvat; results of the examinations in second and third grades; cornet solo, "Wild Flowers," by Arthur Drapau; "L'aveugle et le Sourde," declamation by Frederic Leclerc; "Les Cymbales," chorus, by the pupils of the 12th class; results of examinations in the fourth and fifth grades; violin solo, "Tallench Romanza," by Wilmer Ricard; "Une Trouvaille," declamation by Lucien Milot; "Les Pauvres," vocal duet by Leo Lesieur and Henry Grenier; results of the examinations in the eighth grade; "Chez le Barbier," pantomime by Armand Lemieux, Emile Lambert and Leo Letourneau; "L'Enfant Malade," declamation by Rodrigue Ricard; remarks by Rev. Fr. Lefebvre, O. M. I., and "Souvenir de Bachelard," waltz by the college orchestra.

TENDERED A RECEPTION

One of the dearest receptions of the season took place last night at the home of Miss Diana Cinq-Mars, a member of the popular Chanticleer club, in honor of her 20th birthday.

During the evening there were many games played, and solos rendered. Among the most pleasing were those given by Miss Anna Latham and Miss Agnes Devine. The accompaniments were played by Miss Devine. A light lunch was served, after which the games were resumed and continued until midnight.

The guests from out of town were many, among whom were Mr. Lavigne and Mr. Rochette from Salem and Miss Eva Cinq-Mars from Wyoming. At a late hour the guests departed. Miss Cinq-Mars received many beautiful presents.

Mr. George Elliott and Mr. Paul Doherty were great additions to the party, and their company was much enjoyed by all present.

FATALLY BURNED

LAWRENCE BOY HAD PENDANT FOR MATCHES

LAWRENCE, May 28.—Four-year-old Joseph McEachern died at his home, 42 Fulton street, yesterday as a result of terrible burns he received while playing with matches. The child was left alone in a room for a short time and set his clothes afire.

His mother brought him to the scene, and with the aid of a rug she extinguished the fire, but not until the child had been badly burned about the body.

The boy previously had several narrow escapes from burning because of his penchant for playing with matches.

SOCIAL AND FRATERNAL

An open meeting of the International Brotherhood of Stationary Engineers was held at Cotton Spinnery's hall in Middle street last night. There was a large attendance and considerable business of importance was transacted. Twelve new members were admitted and 15 applications for membership were received.

The minimum scale question was laid over to the next open meeting which will be held on June 23rd and will be advertised through the press. There were some reports made and accordingly there is a violation of the state law which will be looked after thoroughly. It was also reported that the firm did not get the 10 per cent. raise as was promised to the other mill operatives. A lot of other grievances were also reported and will also be investigated. It is the future aim of the stationary firemen to get better conditions, better hours and better wages for their craft, as they consider that they are the hardest working men in the mills and deserve as much consideration as any of the other employees and they will demand an increase of wages in all the mills of Lowell and vicinity in the very near future.

MATRIMONIAL

The marriage of Mr. Edward Chapman and Miss Gertrude Aker was performed last night at the home of the bride's parents, 322 Bridge street by Rev. S. W. Cummings. The bride was charmingly gowned in white silk, trimmed with silk insertion and wore a veil with lilies of the valley. The bridegroom, Miss Lillian Aker was also dressed in white silk. The best man was Mr. Fred Eldridge. Mr. and Mrs. Chapman will reside for the present at 322 Bridge street.

PAIGE-SLEEPER

Mr. Mark B. Paige and Miss Abbie F. Sleeper were married last Saturday at the home of the bride in North Chelmsford by Rev. S. W. Cummings. The young couple were attended by Mr. Joseph Sleeper as best man and Miss Laura Sleeper as bridesmaid. Mr. and Mrs. Paige left immediately after for a short wedding tour and will be at home to their friends after June 15 at North Chelmsford.

CUSUMANO CASE UP TO COUNCIL

Lawyers for Condemned Woman Overjoyed

BOSTON, May 28.—Their faces radiant with smiles, Attorneys Thos. J. Grady of Boston and William A. Coughlin of Abington, counsel for Mrs. Lena Cusumano and Enrico Mascioli, emerged from the private offices of Gov. Foss at 4 o'clock yesterday afternoon, and announced that the governor had consented to allow both applications for a commutation of sentence to go before the council at 2 o'clock Wednesday afternoon.

"There was so much perjured testimony introduced at the trial, together with the fact that the daughter is mentally defective now and has been since birth," said Attorney Grady last evening, "that we feel there is some real merit to the applications for a commutation of the death penalty in both cases to life imprisonment. There should be no taking of life in either case on such evidence as was introduced at the trial, and on which the commonwealth really built its case."

"When we appear before the governor and council, Wednesday afternoon, Dr. Emil Besse of the Boston dispensary, who was formerly identified with the Danvers Insane asylum, and Dr. Walter E. Ferrand, superintendent of the Massachusetts School for Feeble Minded Children, will be on hand to testify in regard to the mental condition of the daughter of Mrs. Cusumano, whose testimony, we maintain, went a long way toward bringing about a verdict of murder in the first degree against our clients, and the consequent death penalty."

ORDERED DEPORTED

Were Here in Violation of the Law

LOS ANGELES, Cal., May 28.—Deportation of two alleged members of the Industrial Workers of the World, the departure for San Diego of about 200 men, all said to be Industrial Workers, and the arrival here of Joseph Meyers of the San Diego police force, bringing several bombs said to have been prepared as part of the plan to destroy the lives of officials of San Diego were the principal features in the Industrial Workers of the World situation in Los Angeles yesterday.

Albert J. Dumont and Albert Wilson were found by the local immigration officials to be in the United States in violation of the anti-alien act and were ordered deported.

\$75,000 DAMAGE

CAUSED BY FIRE

At United Cork & Seal Co's. Plant

MILLIS, May 28.—The explosion of a gasoline engine started a fire that destroyed the plant of the United Cork & Seal company here today, causing a loss estimated at \$75,000 and throwing 120 hands out of employment. Two or three other buildings near the factory caught fire, but quick work by the firemen prevented the blaze from doing any extensive damage outside the plant. For some time the plant had been running night and day and today's fire broke out just as the night gang was leaving work. A large supply of finished goods stored in the building was destroyed.

200 MORE ON STRIKE IN THE WOOD MILL

Police Scattered Crowd Without Trouble

LAWRENCE, May 28.—Two hundred employees of the combining room of the Wood mill quit work at 9 o'clock this morning, joining 200 employees of the carding room who left yesterday afternoon because they refused to work in with non-members of the Industrial Workers of the World. As the strikers left the mill this morning they pursued the same tactics adopted at the beginning of the big strike here, by calling others out of other mills, but the police scattered them without trouble.

KEITH'S LOWELL THEATRE.

Theo Lightner and Elvia Bates, two bewitching girls who captivate each and every member of the audience, are occupying the main limelight at Keith's this week. There is a musical act. Theo plays the piano and Elvia sings. To be sure, this combination is nothing unusual, but, like telling a story effectively, it's the way they do it that stamps them as entertainers. Elvia possesses a voice sweeter than that of the lark, which you hear every morning on your pre-breakfast constitutional, while Theo has the gift of extracting tones from the ivories that are as entrancing as those from the harp of Orpheus himself. When it comes to keeping the men folks on the edge Elvia has the usual comedienne beaten to a frazzle. This she does by whisking forth a camera, an imitation one, however, during a catchy song and announcing that she will snap shot each good looking man in the house. Every male person instinctively sits up and "looks for the little bird." Of course, Theo is right there with the vocal matter, too, so that when the pair get harmonizing there's some melody wafting through the air. Altogether, there's as rollicking a team of fun-makers as could be found this side of Broadway.

Thor, another artist on the bill this week, tickles the banjo with surpassing skill and deftly skims over the xylophone with cleverness unparalleled. Nothing but the very latest in the musical line does he dispense. These tuneful melodies are invested with unusual charm by the masterful manner in which Thor renders them. A running fire of sizzling comedy crowns the act, one of the cleverest of its kind that has ever appeared in Keith's.

Many a joke has been sprung at the expense of Beatrice Fairfax, the four-nalistic heart specialist. Now comes along a clever little skit entitled "An Editorial Substitute" to add to the fame of the aforesaid Beatrice. The skit is handled by Margaret Bird and Edward F. Rossman. Miss Bird taking the role of a correspondent and Mr. Rossman that of a substitute "Miss Fairfax." The advice the male "Miss Fairfax" hands out to the love-lorn maid is side-splitting and the manoeuvres he uses to himself capture the heart of his patient are wonderfully interesting.

"At the Seaside" is an additional musical number that hits the fancy of the audience. The Misses Isidell and Van Brocklin and Messrs. McAdams and Lloyd are the principal "beachers." Their rendition of repertoire of catchy songs is splendid in the singing of which they are sure always to get a hearty hand.

The Phillipeaux Civil war paintings, twelve in number, are an unusual feature this week. They present impressive views of memorable scenes connected with the great rebellion. A lecturer explains the incidents connected with the great rebellion. These are made all the more interesting by a graphic description of the incidents surrounding the pictures which is given by a capable lecturer.

Four motion pictures complete the two hours and a half of entertainment. These are of a high grade tone, being among the best ever shown in this city.

THOMAS WHITELEY.
Appearing at the Merrimack Square Theatre.

MERRIMACK SQUARE THEATRE

The attendance at both performances at the Merrimack Square theatre yesterday was extraordinarily large, and the many patrons seemed well satisfied with the bill as presented, for practically each number was received with loud applause. A great attraction this week is Thomas Whiteley, a young Englishman, who had a very narrow escape from death when the Titanic went down, carrying sixteen hundred people to their doom. Whiteley was employed as a first cabin steward by the White Star line and was selected among those who were to serve on that company's pride, the then largest and most palatial ship in the world. Although inexperienced in presenting such a talk before the public, Whiteley recites his story in a decidedly interesting manner. To repeat it at this time would tend to make the story less entertaining to those who intend visiting the theatre during the remaining performances. Be it said, however, that his story is first hand and contains many features not touched on by the press either at the time of the terrible catastrophe or since then. Mr. Whiteley is to appear afternoons and evenings for the remainder of the week and he offers the opportunity to any of those who visit the

theatre to ask him any questions desired in connection with the accident. The questions are to be written and forwarded to the box office, with the request at which performance the answer should be given. The Temple players are heard again this week to advantage in what is known as "A Textile," a bright musical comedy, which contains all of the school songs and yells, as well as a clean and snappy series of the latest song hits that combine in making the presentation the equal of their very best efforts. Each song is a hit by itself and be it said that all the numbers including the chorus numbers are exceedingly well rendered. Danny Simonds as "The Military Hobo" is very clever. His act is one of the wildest on the vaudeville stage and is rendered in such a clever manner that it carries the house. It consists of singing, dancing and a touch of funny sayings which are sure to please. George Lewis is the week's soloist and his numbers are acceptable. The photo-plays for the week are especially interesting. They include some dramatic offerings by well known entertainers, as well as some exceedingly good comedy portrayals. "One Thousand Miles Through the Rocky Mountains" is one of the most interesting as well as instructive views shown. For the last three days of the week, one of Pathe's latest weekly series will be shown.

ACADEMY OF MUSIC
The critics of the world claim that the greatest motion picture ever produced is "The Mystery of Souls." It is a three reel feature subject and is being produced at the Academy of Music. Do not miss it. Vaudeville and songs constitute the balance of the bill. Tonight is Country store night when a number of presents will be distributed among the patrons. With Bill Looney as star, the fun will be lively, no doubt, and the affair rapidly gaining in favor. Come up and see the fun, even if you don't join in.

THEATRE VOYONS

Few married couples live to celebrate their golden wedding anniversary but a dear old couple in "Their Wedding Anniversary" shown at the Theatre Voyons today do celebrate it and it's a mighty happy celebration too. The father, a cross and hard hearted farmer, first disagrees with his son who leaves home, though it almost breaks the mother's heart. As the years pass by the father sees his cruelty and deeply regrets it. On the wedding anniversary the father and mother hitch up old Dobbin and go to town and what makes the anniversary a golden one indeed is that they find the wandering son in the town and everyone is happy in the end.

GREAT MUSICAL EXTRAVAGANZA

A musical extravaganza in which a cast of 100 will participate will be presented in the Hathaway theatre, Friday evening, May 31st. By local talent for the benefit of a worthy charity. One of the features of the melange will be the "Robber Dance," taken from the light comic opera, "The Girl of My Dreams," and will be given by Miss Louise Talbot, assisted by Mr. French Leighton. The dancers have been coached by Miss L. Blanch Perrin. The presentation of this drama which has made the opera in which it is given one of the most popular of recent years, will no doubt compare favorably with that in the opera as the young people have had it in rehearsal for some time and have given it much study. The program will be made up of singing and dancing, and the fact that only local talent will appear, will bring a good sized audience. Tickets are now on sale at Dowse's drug store, where the sale will continue until Friday, when they may be procured at the box office in the theatre in Shattuck street.

PRESENTED A TRAVELING BAG

A very enjoyable time was held at the Shattuck & Normandin credit store on Middlesex street last night. The occasion was brought about by the retiring of Mr. Zephirino Normandin from the firm of Shattuck & Normandin, as he is to leave the city and engage in the hat and furrier business in Canada. The employees got together last evening and presented him with a beautiful traveling bag of the finest quality of walrus leather with polished brass trimmings. The bag is a very beautiful gift, and Mr. Normandin was entirely overcome by the pleasant surprise, not having the slightest knowledge of what was to happen. The assembly sat down to an inviting spread where song and story and a happy time was enjoyed for a couple of hours. The party before departing wished Mr. Normandin the best of success.

BLUE SERGE SUIT

FOR

\$15.00

There is no getting away from the fact that there is nothing so comfortable or so dressy for Summer wear as a Blue Serge—but the Quality must be right. An unworthy blue serge is a snare and a delusion. This week we will put on sale 500 Men's Hand-Tailored Blue Serge Suits at \$15.00. We ask you to come to the store, examine these suits, ask the salesman for a sample of the cloth, take it up-town or down-town. Compare it with any and all you find at \$20.00. If you are not convinced that it is equal to any \$20.00 Serge Suit shown you, we've no argument.

The serge is a good weight; navy blue; lustrous finish; color guaranteed. The models are smart; the tailoring is high class.

If a garment pulls out at the seams or loses its color, we furnish a new one.

SEE THEM WIGGLE

When the doctor says "It's coffee, stop it. If you want to get well."

What a mean doctor, but then plain facts are best to know, so we may cut out the things that hurt. A few years ago a Cincinnati man went to Germany for his health and to consult one of the famous physicians in Berlin.

The doctor found him a nervous wreck suffering from loss of sleep and constipation and about 50 lbs. off his usual weight.

But let him tell his own experience:

The doctor surprised me very much by asking at once if I was a coffee drinker, and on telling him I used it two or three times a day he said: "It is poison to some persons."

"After carefully examining me he told me there was nothing the matter with me whatever but what could be entirely cured in 30 days by letting coffee and other stimulants alone and dieting."

"So I put back home and wife got some Postum for me."

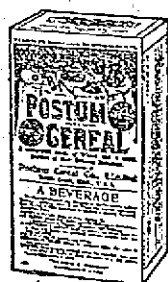

"The first trial didn't please me but we found it hadn't been boiled enough. The next meal it was fine."

"I seemed to begin to get well at once and kept it up until I gained back my 50 lbs. and all the old sick times from coffee left for good. Now I am in prime health, fine appetite, and sleep like a boy."

CHARACTER PARTY

Final arrangements have been completed for the monster character party to be held Wednesday night at Association hall under the auspices of the Young Men's Catholic Institute. A fine affair is in aid of the Immaculate Conception church fund great interest is being taken in the event and a very large crowd is assured. The grand march will eclipse any similar event ever held in this city and the best prizes ever awarded for such an event will be hotly contested for by entrants from all over the city. Dancing to music by O'Connor's orchestra will follow the character march.

KASINO OPENS TONIGHT

Promptly at 8 o'clock tonight, a big orchestra will sound the opening of The Kasino, Lowell's only open air dance hall. By midnight, it is expected that more than 4000 men and women will have tried the floor, which is said to be the very best in New England.

The Kasino is situated opposite the northwest corner of the South common, occupying an elevation overlooking the common, just to the south of the George mansion in Thorndike street. It is said to be the coolest, breeziest spot in the city on a hot day, and as it is at everybody's door, so to speak, there can be no question as to patronage.

SEVERAL ASSAULT CASES HEARD IN COURT TODAY

Several assault cases occupied considerable time at this morning's session of the police court, presided over by Judge Pickman. The case of Andrew Stankowski, charged with drunkenness and two counts of assault and battery with a knife on Paul Babola and Stanislaus Assenkowski, was first called.

The cases resulted from a fight that occurred in Sullivan's court, off Fenwick street, late Sunday afternoon, in which both complainants were badly lacerated. Babola received a cut over the heart that was 3 inches long and Dr. Blanchard of the Lowell hospital testified that it took 16 stitches to close the wound. Dr. Blanchard said that Assenkowski came to the hospital with a bad laceration on the forehead.

The defendant who lives on Market street was not put on the stand, but Frank Goldman, counsel for the complainants, produced a court record, showing that the defendant on August 29 was sentenced to the house of correction on a charge of assault and battery.

Babola testified that on the afternoon in question, Stankowski came into Sullivan's court and said that he was looking for trouble. A fight was started but the witness could not remember how he was cut. He said that he saw the defendant with the knife and he knew he stabbed him but did not know how. A little boy was called and he testified to seeing the alleged stabbing and said that both men were badly cut up and bleeding. Several other witnesses were called and they corroborated the testimony of the former witnesses. Officers Markham and Bagley who arrested the defendant were called. Officer Markham said that at 6:45 o'clock two boys came to him and told him of the fight. He said he and Officer Bagley went to the house and went to the third story and found the defendant in a closet. He said the man was bleeding and that he was drunk. He testified that the complainants were sober. The other officers testified along the same lines.

Several witnesses for the defense were called and they denied the testimony of the government. One of the witnesses, John Mouchevoux, who was

STOCK MARKET

WAS STEADY AT THE CLOSE THIS AFTERNOON

Many of the Active Traders Left the Floor Before the Session Ended—Final Dealings More Uninteresting Than in Last One or Two Days

NEW YORK, May 28.—A one point decline in Intl. Paper pf. was the only notable movement at the opening of today's stock market. The movement otherwise was irregular with fractional losses in Canadian Pacific and American Tobacco while moderate gains were recorded by some of the more active issues, including steel, Reading, U. P. and Amalgamated Copper.

The Intl. Paper, especially Great Northern pf., were fairly active and strong in the first hour, also Lehigh Valley, Harvester and Rubber. Texas company and American Tobacco were heavy with dealings at a minimum.

Mid-summer dullness came over today's stock market. During the early session the volume of business was of minor proportions and utterly without meaning. With the exception of Lehigh Valley and Great Northern pf., no stock of speculative importance varied as much as a point and dealings in the specialties were in keeping with the movement elsewhere.

The market failed to make the slightest response during the noon hour to the excellent conditions outlined in the government's weekly weather report. The movement was even more narrow and contracted than before.

Speculation grew more restricted as the day drew to a close and the ticker was silent for long intervals.

The market closed steady. Many of the ordinarily active traders left the floor before the session ended and the final dealings were even more uninteresting than is usual in the case on a dull day.

A FINE PROGRAM FOR THIS WEEK'S MEETING

Of Lowell Social and Athletic Club

Eddie Flynn of Lynn who is to meet Young Jasper of Boston in the main bout at the meeting of the Lowell Social and Athletic club on Thursday night, according to his manager, Bobbie Keeler, is in great shape for the bout. Keeler, in his opinion, dropped into the Sun office and said that Flynn was never in better condition and that he is confident of winning the bout. The latter is also in fine fettle for the engagement and he too expects to win out. The bout is scheduled to go twelve rounds but both feel that it will not go the limit. In the semi final Charlie Anastos, the local Greek, who was to meet Paddy De Luca, has withdrawn and in his place Matchmaker Gardner has signed Jack McGovern, one of the fastest men in this city at his weight. De Luca at the last meeting of the club defeated Anastos and was confident that he would put it over the Greek again. As the latter will not appear the bout between McGovern and the Boston man should be a hummer and a better attraction than the original bout. These boys are scheduled to mix it for eight rounds. The first preliminary will show Gardner Brooks, one of the cleverest youngsters in this city and one of the most popular boxers who has ever appeared at the club, and Tommy Jodoin, who has put it to several of the boys from the North common section. They are booked to entertain for six rounds. There will be another prelim which will be announced later. The meeting will be held in Mathew hall and the first bout will start at 8:15 o'clock. Billy Gardner will referee.

DIAMOND NOTES

Lowell started the week off with a rush, and Manager Gray is confident that his boys will keep up the good work.

Haverhill here this afternoon and Lynn on Thursday morning.

Maybom pitched a fine game.

Peter Clemens, the new centre fielder, showed up well, yesterday. He is a very fast man, both in the garden and on the bases, and his excellent work so far has justified Manager Gray's action in trading Rising for the fast Haverhill man.

Eddie Berard, Lowell's mascot, appeared on the lines yesterday with a pair of new socks.

Lowell's outfield at the present time is one of the best, if not the best in the league. The trio did great work yesterday. De Groot seems to get faster every game and yesterday he pulled down two corks.

Umpire Jack Kerins gave the decisions and his work was very satisfactory.

With another pitcher, Lowell will be right there with the best of them. The local management has lines out for several twirlers and expects to land one very soon.

AMATEUR BASEBALL

Yesterday the Aiken street playgrounds the Ford Stars defeated the Lyons in a baseball game, the score being 17 to 16. The former challenge any team composed of boys 13 years of age, all communications to be addressed to Jean Bouthillier, 38 Ford street.

The Cadet second team won from the Independents 9 to 0 by a forfeit score, the Independents failing to show up. The Cadets would like a game from any team in the city of Lowell under 12 years. Send all challenges to Manager Leo Pope, box 103, North Chelmsford.

The Graniteville team defeated the Y. M. C. I. team Saturday by the score of 14 to 6. Both teams batted hard and the fielding was very brilliant. The Granitevilles started right in and in the first inning piled up 4 runs. In the second the institute boys scored a quartet of runs. In the third Graniteville got one and in the third the country boys scored a half dozen counters, which gave them the game. The teams lined up as follows:

Graniteville—Ledwith, 1b; Gilson, rf; Hanson, 2b; D. Spiller, c; Buckingham, cf and 1b; J. Spiller, p; Gaudette, 2b; Hughes, ss; Nystrom, cf; Boudreau, lf.

Germany Expects to Carry Off the Sprint Events at the Olympic Games in Sweden

According to reports received in New York, Germany is highly pleased with the prospects of her representatives in the coming Olympic games to be held in Sweden, especially in the sprints. In Herman Rau and Kern the Kaiser's experts believe they have two sure sprint winners. At the tryouts in Leipzig recently the latter won the 100 meter event in 11 1-10 seconds without being pushed, while Rau has been burning up the tracks in Berlin of late.

Lau is considered the best sprinter Germany ever produced at the 15, 100 and 220 meter distance. He defeated Ramsdell, the former great sprinter of the University of Pennsylvania, in the 200 meter sprint at the English championships. The doughty German showed he was to be classed with champions in the sprint line and hurdles by scoring the most points in the international meeting held at Stockholm early last September. He captured firsts in three events—the 100 meters, 200 meters and 110 meters high hurdles. His time for the first event was 19 3-5 seconds, aided by a strong wind. For the hurdles he did 15 9-10 seconds and running with the wind was clocked in 22 3-10 seconds for the 200 meters. These are only a few choice wins Rau has to his credit. Picture shows Rau defeating Tex Ramsdell in the English championships.

to time and the Massachusetts branch of the National Society for the Promotion of Industrial Education has, with the co-operation of the Massachusetts board of education, arranged for a general meeting to be held in Boston May 31 and June 1.

AMERICANS ARE GIVEN WARNING TO PREPARE TO LEAVE MEXICO MAN EXECUTED FOR TREASON

MAZATLAN, Mexico, May 25.—Consternation reigned here last night when it became generally known that Roberto Almada, millionaire member of one of the leading families of Sinaloa had been secretly executed for treason by the federals at midnight Sunday on the Pacific shore in front of Florietta Pritanica.

Another prisoner was executed at the same time. Almada was a leader of rebels when Culican was taken. A month ago he sued for a pardon and believing that it was granted came to Mazatlan ten days ago. He was arrested, tried and found guilty of treason.

The American consul at Durango has sent a circular to every American in the mountains warning them to pack their most valuable belongings and prepare for instant departure. American Consul Alger will leave Mazatlan today for an official visit to Culican. His purpose is not known.

PUBLIC SCHOOLS TO CLOSE ON WEDNESDAY, JUNE 26

General Meeting of All Interested in Industrial Education Has Been Arranged

A meeting of the school board is scheduled for tonight at 8 o'clock and it is expected that it will be a short meeting as there is not much business to come before the board.

The school year shall begin on the second Monday in September and shall close on Wednesday preceding the last Friday in June. In the grammar schools the final examinations shall be on the last Monday and Tuesday of the school year, and the graduation not earlier than the last Wednesday. The date for the graduation

exercises of the high school has not yet been decided upon, and the board at its meeting tonight will probably set the date.

The Normal school will close June 18 and the exercises will be held on the afternoon of that day. The speaker will be Dr. David Snedden and there will be music by the Glee club of the school.

Examination for Teachers
The United States Civil Service commission will hold an examination in this city June 26-27, for the position of teacher in the Indian service. The examination will be open to both men and women. The object of these schools is to prepare the Indian youth for the duties, privileges and responsibilities of American citizenship by training them in the industrial arts and developing their moral and intellectual faculties. Each applicant for teacher in the Indian service is required to furnish a medical certificate showing him or her to be in good health and free from tuberculosis in any and every form.

Industrial Education Important
The growing importance of industrial education in Massachusetts and the variety of special problems arising in connection with its administration make it desirable that conferences by those engaged in promoting this form of education should be held from time

SAM LANGFORD DEFEATED FLYNN

The Referee Stopped the Bout

MELBOURNE, Australia, May 25.—Sam Langford, the heavyweight negro boxer of Boston, defeated "Forky" Flynn, also of Boston, here yesterday. Flynn was being so badly hammered that the referee stopped the fight in the 14th round.

KNOCKDOWN FOR KENNEDY
ALBANY, N. Y., May 25.—Steve Kennedy of Boston and Joe Brooks of England fought a 10-round draw last night at the Knickerbocker A. C. The Boston boy scored the only knockdown of the evening, when he laid Brooks down flat in the ninth round. Kennedy would have repeated again in that round, but the going saved Brooks. Brooks was the aggressor, and Kennedy waited until he had found his weak spots and then went after him. Kennedy weighed in at 135 pounds and Brooks was three pounds lighter.

RAY KEATING LAWRENCE PITCHER GOES TO NEW YORK AMERICANS

NEW YORK, May 28.—The New York American League club has signed Pitcher Ray Keating of the Lawrence, Mass., team, who shut out Worcester without a hit or run last Saturday. Keating will not come to New York until September, however.

Carl Thompson of the University of Georgia, who stands 6 feet 1 inch in his stocking feet and has a strike-out record of 22 out of 27 men at bat in a regular nine inning game, also has been added to the pitching staff of the New York Americans. It was announced yesterday. The recruit is regarded as the leading college pitcher of the south, and will report for duty here in a few days.

WANTS MALONEY JERSEY CITY CLUB SEEKS BROCKTON OUTFIELDER

BROCKTON, May 28.—Manager Harry Sclafy of the Jersey City club of the International league, has made an offer to the Brockton club for the purchase of Patrick Maloney, an outfielder, and the offer is being considered. Maloney leads the league in batting and is one of the fastest men around the bases. (Arthur Travin, scout for the New York Highlanders, has been watching Maloney's work.)

N. E. LEAGUE RELEASES BOSTON, May 27.—Secretary J. C. Morse of the New England baseball league announced the following changes:

Contracts:
Haverhill, Lester Long.
New Bedford, Daniel O'Connell.
Releases:
By Lowell: Wallace Wright, Douglas Erskine, Joseph L. Fern.
By Worcester: William Morris, (by purchase).
By Jersey City to Haverhill, Kessler.
Suspended:
By Lawrence: George, Artib, Karl Kolseth.

to time and the Massachusetts branch of the National Society for the Promotion of Industrial Education has, with the co-operation of the Massachusetts board of education, arranged for a general meeting to be held in Boston May 31 and June 1.

Playgrounds to Open
Because of the fact that but \$1000 was voted for playgrounds this year as against pretty nearly twice that amount last year, the playground work will be curtailed this year and the number of supervisors will be not more than half of the number employed last year. The playgrounds will open, officially, July 5, and the exercises attending the opening will be as elaborate as possible under the circumstances. There will be four playgrounds under the supervision of instructors this year, the North and South commons, the Aiken street playground and the Falge street playground.

FOUR VETOES SENT TO LEGISLATURE BY GOV.

FOSS
BOSTON, May 25.—Four veto messages were sent to the legislature today by Gov. Foss. Two of the vetoes concerned appropriations for textile schools and two were in reference to pensioning certain public servants. Acts providing pensions for court officers of the supreme judicial and superior courts and for probation officers were vetoed because in the governor's opinion both classes of public servants are provided for under the retirement system of either the state or the county which was made legal by last year's legislature.

Whole broiled native chicken on toast and French fried potatoes, \$1.00. Waverly hotel restaurant for ladies and gentlemen.

RAIN INTERFERED
INDIANAPOLIS, Ind., May 25.—Fouling rain prevented the remaining qualification trials for the Memorial day 500 mile race at the Indianapolis speedway this morning. If conditions improve the races will be resumed late today.

THE MARATHON RACE OF THE C. Y. M. I.

Arrangements Complete for the Event

All arrangements have been completed for the Fourth annual Marathon race of the Catholic Young Men's League on the North common, May 30 at 3 o'clock.

Martin F. McCarthy, secretary of the marathon committee has received entries from the following well known runners: W. Salmon, L. Flory, H. Archibald, J. Christo, J. Martin, C. Brady, T. Engles, J. Carr, J. Mullarkey, E. Mullarkey, C. Sanford, J. Davies, R. Doherty, C. Noyes, J. Crowe, T. McGrath, J. Lynch, and they will report to Patrick H. Kelley, chairman of the committee at the C. Y. M. I. rooms in Suffolk street at 3 o'clock.

Colonel Humphrey O'Sullivan, donor of the prizes, will be the official starter of the race.

The judges will be Hon. James E. O'Donnell, Andrew E. Barrett, Dr. Patrick J. Bagley, John F. Murphy, William B. Ready, John Conlon, Timothy Rohan, John J. McCarthy.

The official scorers will be Andrew A. McCarthy of The Sun, Jos. Cronin of the Courier-Citizen, George McDermott, Michael O'Neil, Michael Flannery, Thomas Delgan, Andrew Smith, Cornelius A. Kelley.
The Marathon committee consists of Patrick H. Kelley, chairman, Martin F. McCarthy, secretary; James P. Shugrue, Michael Kelley, Thomas Whelton, Joseph Moriarty, John Hennessy, William A. Mills, Henry Sullivan, John Holohan, Frank Connelly, Edward McGuire, Paul Fawcett, John McDermott.

Dr. James B. O'Connor will be physician of the race.

The race will consist of 15 circuits of the North common, and it promises to be very exciting.

The Marathon race is a permanent feature of the society. Frank Maloney was the winner of the first one held by the society in 1903. William Salmon was the winner in 1910, and Joseph Christo won in 1911.

The prizes which were donated by Colonel O'Sullivan are on exhibition in the windows of the Merrimack Clothing company.

ALBERT J. STURTEVANT

New Pitcher of Lowell High School

Manager Bailey and Capt. Cawley of the Lowell high school team, have added another pitcher to the team's staff and both are confident that the new man will prove a great acquisition to the team. The latter is Albert Sturtevant, who is well known to the

ALBERT STURTEVANT, One of Lowell High School Pitchers.

local followers of the game. He has pitched for several amateur teams during the past few years and has shown to great advantage. He worked in the last game between the Lowell and Nashua high school teams and he demonstrated that he has the goods. He will alternate with Leggat in twirling for Lowell and with these two stars on the team Lowell should make all the other high school teams step lively.

CROWLEY.—The funeral of the late Francis Crowley, a well known and successful steamship agent, took place this morning at 9.30 o'clock from his home, No. 112 Walker street and was largely attended by sorrowing relatives and friends including a number from out of town. Among the latter were Mr. and Mrs. John Dowd and Mrs. Mollie Dugan of Boston, James J. Crowley and Mr. and Mrs. Timothy Crowley of New York, the Rev. Thomas Lizzie and Mary McCarthy of Lawrence, Mass. The cortege proceeded to St. Patrick's church where at 10 o'clock a mass of requiem was sung by Rev. Joseph Curtin. The choir under the direction of Mr. Michael J. Gibson sang the Gregorian mass, the Mass being sustained by Miss Alice Murphy and Mr. Andrew McCarthy.
